DIRECTORS' REPORT

The directors present their report and financial statements for the year ended 30 June 2013

Directors

The directors who served during the year were

G P Wilby
J R Hinchliffe
J H Hinchliffe
G A Wilby

Directors' responsibilities for preparing the financial statements

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgments and estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and the group and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the directors are aware

- there is no relevant audit information of which the company's auditors are unaware, and
- the directors have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information.

Directors' interests

The interests of the directors in the share capital of the group at the end of the year and at the beginning of the year were as follows

<u>Z Hinchliffe & Sons Limited</u>	Ordinary shares of £1 each	Cumulative preference shares of £1 each
G P Wilby	2,561	515

* 2,500 ordinary shares of 5p each and 17,500 cumulative preference shares of 5p each are jointly held by J R Hinchliffe and J H Hinchliffe

The directors own no shares in any of the subsidiary companies

A qualifying indemnity provision (as defined in section 236 of the Companies Act 2006) has been provided to the directors

Principal activity

The company's principal activity during the year continued to be that of yarn spinners

The principal activities of the group's subsidiary undertakings are outlined in note 11 to the financial statements

Business review

During the year the group has continued to manufacture and sell cashmere and fine lambswool yarns to the knitwear and weaving industries

For the year under review the turnover increased slightly. The ongoing effects of high priced raw materials are reflected in reduced sales volume in a price sensitive market. The price and levels of raw materials and finished product (a key performance indicator of the business) have been kept under constant review throughout the year. A substantial bad debt made for a disappointing result.

With a view to the future a review of manufacturing sites was conducted to drive efficiencies within the group facilities while retaining sufficient capacity and flexibility. Subsequent to this the site at Phoenix Mills was closed. Inevitably this will mean staff reductions from the 250 currently employed.

Invest in energy saving technologies remain a priority thus keeping production facilities up to date and fit to meet ongoing customer demands to exacting quality standards.

The group continues to make every effort to contain overhead costs (another key performance indicator of the business).

The strength of the balance sheet plus the reviews in progress provide a firm basis to continue trading into the foreseeable future.

Z HINCHLIFFE & SONS LIMITED**DIRECTORS' REPORT** (continued)**Results and dividends**

The group loss for the year, after taxation, was £1,105,952

The directors' recommend the following dividends -

	£
On cumulative preference shares	1,050
On ordinary shares	19,950
	21,000

Financial instruments

The Group's principal financial instruments comprise bank balances, trade debtors and trade creditors. The main purpose of these instruments is to raise funds for the Group's operations and to finance the Group's operations.

Due to the nature of the financial instruments used by the Group there is no exposure to price risk. The Group's approach to managing other risks applicable to the financial instruments is shown below.

In respect of bank balances the liquidity risk is managed by maintaining a balance between the continuity of funding and flexibility through the use of deposits at floating rates of interest. The Group makes use of money market facilities where funds are available. Exposure to currency risks are constantly monitored to ensure that adverse movements are contained.

Trade debtors are managed in respect of credit and cash flow risk by policies concerning the credit offered to customers and the regular monitoring of amounts outstanding for both time and credit limits. Credit insurance is used to cover trade debtors in export markets wherever available.

Trade creditor liquidity risk is managed by ensuring sufficient funds are available to meet amounts due.

Auditors

Wheawill & Sudworth Limited were re-appointed as the company's auditor during the year and have expressed their willingness to continue in that capacity.

INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF

Z HINCHLIFFE & SONS LIMITED

We have audited the financial statements of Z Hinchliffe & Sons Limited for the year ended 30 June 2013 which are set out on pages 7 to 30. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice)

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

As explained more fully in the Directors' Responsibilities Statement set out on page 2, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the group's and the parent company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Directors' Report to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the group's and the parent company's affairs as at 30 June 2013 and of the group's loss for the year then ended,
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and
- have been prepared in accordance with requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF**Z HINCHLIFFE & SONS LIMITED** (continued)**Matters on which we are required to report by exception**

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us, or
- the parent company financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit

NOTES TO THE FINANCIAL STATEMENTS

30 JUNE 2013

1 Accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the group's financial statements

Basis of preparation

The financial statements have been prepared in accordance with applicable UK Accounting Standards and under the historical cost accounting rules

Consolidated financial statements

The group's financial statements consolidate the financial statements of Z Hinchliffe & Sons Limited and all its subsidiary undertakings. These financial statements are made up to 30 June 2013. Uniform accounting policies are adopted throughout the group. Unrealised profit arising on trading between group companies is eliminated on consolidation.

In the company's financial statements, investments in subsidiary undertakings are stated at cost less amounts written off. Dividends received are credited to the company's profit and loss account to the extent that they represent a realised profit for the company.

In accordance with Section 408 of the Companies Act 2006 Z Hinchliffe & Sons Limited is exempt from the requirement to present its own profit and loss account.

The amount of the loss for the financial year dealt with in the financial statements of Z Hinchliffe & Sons Limited is £1,102,103 (2012: loss of £136,245).

Goodwill

Purchased goodwill (both positive and negative) arising on business combinations in respect of acquisitions before 1 January 1998, when FRS 10 Goodwill and intangible assets was adopted, was written off to reserves in the year of acquisition. When a subsequent disposal occurs any related goodwill previously written off to reserves is written back through the profit and loss account as part of the profit or loss on disposal.

Purchased goodwill (representing the excess of the fair value of the consideration given over the fair value of the separable net assets acquired) arising on business combinations in respect of acquisitions since 1 January 1998 is capitalised. Positive goodwill is amortised to nil by equal annual instalments over its estimated useful life.

Tangible fixed assets

Tangible fixed assets are stated at cost less accumulated depreciation. Depreciation is computed using the straight line method over estimated economic lives from the time the asset is put into use. Present estimated economic lives are as follows:

Freehold buildings	- 25 to 50 years
Plant and equipment	- 5 to 10 years
Motor vehicles	- 5 years

In the year of acquisition tangible fixed assets are depreciated from the beginning of the financial year. Tangible fixed assets are reviewed for impairment if events or circumstances indicate the carrying value may not be recoverable in full.

No depreciation is provided on freehold land.

Z HINCHLIFFE & SONS LIMITED**NOTES TO THE FINANCIAL STATEMENTS (continued)****30 JUNE 2013****1 Accounting policies (continued)****Hire purchase and leased assets**

Tangible fixed assets acquired under finance and hire purchase contracts are capitalised and depreciated over their effective lives. The outstanding obligations in respect of finance leases and hire purchase contracts, net of finance charges relating to future periods, are included under creditors due within or after one year as appropriate. The finance element of the obligations is allocated to accounting periods so as to produce a constant periodic rate of charge on the remaining balance of the obligations for each accounting period. Rentals payable under operating leases are charged to the profit and loss account as incurred.

Investments

Fixed asset investments are stated at cost unless, in the opinion of the directors, there has been a permanent diminution in value, in which case an appropriate adjustment is made.

Stocks

Stocks are stated at direct cost plus attributable overheads or net realisable value if lower.

Turnover

Turnover represents the value of goods sold and services provided net of value added tax.

Grants

Grants in respect of expenditure on tangible fixed assets are treated as deferred income which is credited to the profit and loss account by instalments over the expected useful economic life of the related asset on a basis consistent with the depreciation policy. Grants of a revenue nature are recognised in the profit and loss account of the period of which they are paid.

Deferred taxation

Provision is made on the full provision method based on current tax rates for deferred tax assets and liabilities arising from all timing differences that have originated but not reversed at the balance sheet date. Deferred tax assets are recognised only to the extent that it is more likely than not there will be suitable taxable profits generated within the foreseeable future from which the underlying timing differences can be deducted.

Foreign currencies

Assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the balance sheet date, or where the transaction is covered by a matching forward contract, at the rate specified in that contract. Transactions in foreign currencies are recorded at the rate of exchange ruling at the date of the transaction. Any differences are taken to the profit and loss account.

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement as either financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

Pension costs – defined benefit schemes

Pension scheme liabilities are measured on an actuarial basis using a projected unit method and are discounted to their present value at such a rate that properly reflects the time value of money and the characteristics of those liabilities.

Pension scheme assets are valued at market value at the balance sheet date.

The pension scheme surplus or deficit is recognised in full on the balance sheet as an asset or a liability. The deferred tax relating to the defined benefit asset/liability is offset against the defined benefit asset/liability and not included with other deferred tax assets or liabilities.

Z HINCHLIFFE & SONS LIMITED**NOTES TO THE FINANCIAL STATEMENTS (continued)****30 JUNE 2013****1 Accounting policies (continued)**

The movement upon the pension scheme surplus or deficit for the year is analysed between current service costs and finance income/charges which are recognised in the profit and loss account and actuarial valuation gains/losses which are recognised in the statement of total recognised gains and losses

Pension costs – defined contribution schemes

Contributions made to the group defined contribution schemes operated by the company are charged to the profit and loss account as they become payable

Z HINCHLIFFE & SONS LIMITED**NOTES TO THE FINANCIAL STATEMENTS (continued)****30 JUNE 2013****19 Pension costs and commitments**

The group operates two defined benefit and two defined contribution pension schemes

Defined benefit schemes**1 The Z Hinchliffe & Sons Limited 1978 Retirement & Death Benefit Scheme**

The Scheme is a funded defined benefit final salary pension scheme which was set up by the Interim Trust Deed dated 31 May 1967. It has been approved by the Inland Revenue Savings, Pensions, Share Schemes (formerly the Pension Schemes Office) under Chapter I of Part XIV of the Income & Corporation Taxes Act 1988. The employees covered by the Scheme are contracted-out of the State Earnings Related Pension Scheme (SERPS).

Following discussions between the Trustees of the Scheme and the directors of the company, having taken appropriate advice, and having followed the necessary procedures, the Scheme was closed to further accrual from 1 June 2010.

The company has fully adopted the requirements of Financial Reporting Standard 17 'Retirement Benefits' ('FRS 17'). Under this accounting standard the following disclosures are required:

The most recent actuarial valuation was carried out at 5 April 2012. The results of this have been projected to 30 June 2013 by a qualified independent actuary. The major assumptions used by the actuary were:

	At 30 June 2013	At 30 June 2012

Interest on obligations and expected return on scheme assets are included as net finance income within interest receivable and other similar income. Actuarial gains of £787,000 (2012: losses of £126,000) have been recognised on the statement of recognised gains and losses. These have been restricted by £825,000 (2012: increased by £282,000) in accordance with paragraph 37 of FRS17.

The cost of company contributions into the scheme in respect of the year ended 30 June 2013 were £200,000 p a pro rata to 30 September 2013 and £100,000 p a pro rata from 1 October 2013 (2012 £200,000)

The FRS17 actuarial valuation at 30 June 2013 showed a surplus before restriction of £887,000. This was restricted to £nil in the financial statements in accordance with paragraph 37 of FRS17. The FRS17 actuarial valuation at 30 June 2012 showed a deficit of £162,000. The main reasons for the improvement are the switch to using CPI rather than RPI as the reference for both deferred revaluation and inflation linked increases in payment and the company's deficit funding contributions.

As noted above the scheme was closed to future accrual from 1 June 2010. The expected employer contributions, being deficit funding contributions, to the scheme in the year ended 30 June 2014 are £200,000 pa pro rata to September 2013 and £100,000 pa pro rata after that date.

In July 2010 the Government announced a switch to the Consumer Prices Index (CPI) from the Retail Prices Index (RPI) as the basis for future statutory pension increases in deferment and payment. The calculation of the scheme liabilities and therefore the surplus or deficit under FRS 17 should be calculated using the CPI rather than the RPI in most circumstances. Up to the year ended 30 June 2012 the figures above had been calculated using the RPI rather than the CPI as the Trustees had not yet taken legal advice as to whether this impacted on this Scheme. From the year ended 30 June 2013 CPI was adopted as the basis for future statutory pension increases in deferment and payment, and the surplus at 30 June 2013 has been calculated on this basis. The effect on the FRS17 valuation of using CPI rather than RPI is a reduction in liabilities of approximately £430,000.

In July 2010 the Government announced a switch to the Consumer Prices Index (CPI) from the Retail Prices Index (RPI) as the basis for future statutory pension increases in deferment and payment. The calculation of the scheme liabilities and therefore the surplus or deficit under FRS 17 should be calculated using the CPI rather than the RPI in most circumstances. Up to the year ended 30 June 2012 the figures above had been calculated using the RPI rather than the CPI as the Trustees had not yet taken legal advice as to whether this impacted on this Scheme. From the year ended 30 June 2013 CPI was adopted as the basis for future statutory pension increases in deferment and payment, and the surplus at 30 June 2013 has been calculated on this basis. The effect on the FRS17 valuation of using CPI rather than RPI is a reduction in liabilities of approximately £160,000.

3 Defined contribution schemes

The company operates and makes contributions to two defined contribution pension schemes. The assets of the schemes are held separately from those of the company in trustee administered funds. The pension cost charge for the year was £59,666 (2012 £130,923).
