**Notes to the Abbreviated Accounts
for the year ended 30 November 2005**

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective June 2002).

Turnover

Turnover represents net invoiced sales of services, excluding value added tax.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant & Machinery	- Straight line over 5 years
Fixtures & Fittings	- Straight line over 5 years
Motor vehicles	- Straight line over 5 years

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the period of the lease.

Investment properties

Investment properties are revalued annually and the aggregate surplus or deficit is transferred to a revaluation reserve. No depreciation is provided in respect of investment properties; this constitutes a departure from the statutory rules requiring fixed assets to be depreciated over their economic lives and is necessary to enable the financial statements to give a true and fair view. Depreciation is only one of many factors reflected in the annual valuation and the amount which might otherwise have been shown cannot be separately identified or quantified.
