NOTES TO THE ABBREVIATED ACCOUNTS
For the year ended 31 July 2000

1. ACCOUNTING POLICIES

1.1 Basis of preparation of financial statements

The accounts have been prepared under the historical cost convention as modified by the revaluation of leasehold and freehold land and buildings .

1.2 Cash Flow

The financial statements do not include a cash flow statement because the company, as a small reporting entity, is exempt from the requirement to prepare such a statement under Financial Reporting Standard 1.

1.3 Turnover

Turnover comprises the invoiced value of goods and services supplied by the company, exclusive of value added tax and trade discounts.

1.4 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost or valuation less depreciation. Depreciation is provided at rates calculated to write off the cost or valuation of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Leasehold buildings	-	%	Over the lease term ending 28/10/2018
Plant & machinery	-	15%	Reducing balance
Motor vehicles	-	25%	Reducing balance
Fixtures & fittings	-	15%	Reducing balance
Office equipment	-	25%	Reducing balance

1.5 Leasing and hire purchase

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible fixed assets. Assets acquired by finance lease are depreciated over the shorter of the lease term and their useful lives. Assets acquired by hire purchase are depreciated over their useful lives. Finance leases are those where substantially all of the benefits and risks of ownership are assumed by the company. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

1.6 Operating leases

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged to the profit and loss account as incurred.

1.7 Stocks

Stocks and work in progress are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow-moving stocks. Cost includes all direct costs and an appropriate proportion of fixed and variable overheads.

1.8 Deferred taxation

Provision is made for taxation deferred as a result of material timing differences between the incidence of income and expenditure for taxation and accounts purposes, using the liability method, only to the extent that, in the opinion of the director, there is a reasonable probability that a liability or asset will crystallise in the near future.

1.9 Pensions

The company operates a defined contribution pension scheme and the pension charge represents the amounts payable by the company to the fund in respect of the year.
