Directors' report

The directors present their annual report and the audited financial statements for the year ended 28 December 2002.

Principal activities

The principal activities of the company are the production, packaging, and marketing of food products.

Business review

The results for the year are shown in the profit and loss account.

Proposed dividend

The directors do not recommend the payment of a dividend.

Policy on payment of creditors

Payment of supplier invoices is made by the company in accordance with the terms agreed with each individual supplier at the commencement of business.

Directors and directors' interests

The directors who held office during the year were as follows:

Dr N Cawley	(resident in the Republic of Ireland)
N Coakley	
P Dolan	(resident in the Republic of Ireland)
C Fitzgerald	(resident in the Republic of Ireland; appointed 1 July 2002)
J O'Flynn	(resident in the Republic of Ireland; appointed 1 July 2002)
T Simcock	
DT Smyth	

None of the directors who held office at the end of the financial year had any disclosable interest in the shares of group companies.

According to the register of directors' interests, no rights to subscribe for shares in or debentures of group companies were granted to any of the directors or their immediate families, or exercised by them, during the financial year.

Directors' responsibilities

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss for that year. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

Directors' report *(continued)*

Employees

The company recognises its responsibilities towards disabled persons by giving fair consideration to applications for employment from such people, having regard to the particular aptitudes and abilities of each applicant.

Compassionate consideration is given to existing employees who become disabled. Training and career opportunities are offered to disabled persons in line with the company's general policy of career development, subject to the capabilities of each person and the opportunities within the company.

The company places considerable value on the involvement of its employees and has continued to keep them informed on matters affecting them as employees and the various factors affecting the performance of the company. This is achieved through formal and informal meetings. Employee representatives are consulted regularly on a wide range of matters affecting their current and future interests.

Political and charitable contributions

The company made no political contributions during the year. Donations to UK charities amounted to £2,017 (2001: £2,030).

Independent auditors' report to the members of The Kerrygold Company Limited

We have audited the financial statements on pages 4 to 18.

This report is made solely to the company's members, as a body, in accordance with section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

The directors are responsible for preparing the directors' report and, as described on page 1, the financial statements in accordance with applicable United Kingdom law and accounting standards. Our responsibilities, as independent auditors, are established in the United Kingdom by statute, the Auditing Practices Board and by our profession's ethical guidance.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report to you if, in our opinion, the directors' report is not consistent with the financial statements, if the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and transactions with the company is not disclosed.

Basis of audit opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion the financial statements give a true and fair view of the state of the company's affairs as at 28 December 2002 and of its profit for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

Notes

(forming part of the financial statements)

1 Accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements. The company has adopted FRS 19 'Deferred Tax' and has followed the transitional arrangements of FRS 17 'Retirement benefits' in these financial statements.

Basis of preparation

The financial statements have been prepared in accordance with applicable accounting standards and under the historical cost accounting rules, modified to include the revaluation of land and buildings.

The company is exempt from the requirement of Financial Reporting Standard No 1 to prepare a cash flow statement as it is a wholly owned subsidiary undertaking of Irish Dairy Board Co-operative Limited and its cash flows are included within the consolidated cash flow statement of that company.

Related party transactions

The company has, in accordance with Financial Reporting Standard No 8, taken advantage of the exemption from reporting the transactions between the company and other group undertakings since 90% or more of the voting rights are controlled by the group and the consolidated financial statements in which the company is included are publicly available.

Fixed assets and depreciation

Depreciation is provided by the company to write off the cost or valuation less the estimated residual value of tangible fixed assets by equal instalments over their estimated useful economic lives as follows:

Freehold buildings	-	2% to 10% per annum based on cost or valuation
Plant and machinery	-	20% per annum based on cost
Motor vehicles	-	25% to 33% per annum based on cost
Fixtures, fittings, tools and equipment	-	20% to 33% per annum based on cost

No depreciation is provided on freehold land.

Foreign currencies

Transactions in foreign currencies are recorded using the rate of exchange ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated using the rate of exchange ruling at the balance sheet date and the gains or losses on translation are included in the profit and loss account.

Leases

Assets acquired under finance leases are capitalised and the outstanding future lease obligations are shown in creditors. Operating lease rentals are charged to the profit and loss account on a straight line basis over the period of the lease.

Post retirement benefits

The company operates a defined benefit pension scheme. The pension obligations of the company are met by payments to the group scheme providing benefits based on final pensionable pay. The assets of the scheme are held separately from those of the company. Contributions to the scheme are charged to the profit and loss account so as to spread the cost of pensions over employees' working lives.

Notes (continued)

1 Accounting policies (continued)

Stocks

Stocks are stated at the lower of cost and net realisable value. In determining the cost of raw materials and goods purchased for resale the direct identification method of valuation is used. For work in progress and finished goods manufactured by the company, cost is taken as production cost, which includes an appropriate proportion of attributable overheads.

Taxation

Deferred tax is recognised, without discounting, in respect of all timing differences between the treatment of certain items for taxation and accounting purposes which have arisen but not reversed by the balance sheet date, except as otherwise required by FRS 19.

Turnover

Turnover represents the amounts (excluding value added tax) derived from the production, packaging, and marketing of food products to customers during the year.

18 Pension scheme

The company contributes to a group defined benefit pension scheme the assets of which are held in trustee administered funds. The contributions made by the company are determined by a qualified actuary on the basis of triennial valuations using the projected unit method.

The most recent valuation of the scheme was carried out as at 31 December 2000. The review assumed that the investment returns would exceed the average salary increases by 1.0% per annum and that present and future pensions would increase at the rate of 2.5% per annum. At the date of the review the market value of the scheme's assets was £21,978,517. The actuarial value of assets represented 130% of the benefits that had accrued to members and pensioners, after allowing for expected future increases in earnings.

The actuarial valuation calculated that the funding level using the actual basis stipulated in the Income and Corporation Taxes Act 1998 was just below 100% at the valuation date. The employee contributions will remain at 5% of earnings and there will be a continuation of the employer contributory holiday.

A provision of £502,000 (2001: £438,000) is included within creditors, this being the excess of the accumulated pension cost over the amount funded. This provision relates to an unfunded, unapproved, retirement benefit scheme.

The total pension charge for the year is £241,794 (2001: £429,616).

There were £nil of outstanding contributions at the beginning and the end of the financial year.

Notes (continued)

18 Pension scheme (continued)
