The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 30 June 2014.

The members have not required the company to obtain an audit of its financial statements for the year ended 30 June 2014 in accordance with Section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for:

(a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and

(b) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.

NOTES TO THE ABBREVIATED ACCOUNTS
FOR THE YEAR ENDED 30 JUNE 2014

1. ACCOUNTING POLICIES

Accounting convention
The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover
Turnover in the year represents rents receivable and sales of services, excluding Value Added Tax.

Tangible fixed assets
Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery	- 20% on reducing balance
Motor vehicles	- 25% on reducing balance

Investment property
Investment properties are shown at most recent valuation. Any aggregate surplus or deficit arising from changes in market value is transferred to a revaluation reserve.

All properties are held for their investment potential and are not depreciated. This is a departure from the requirements of the Companies Act 2006 which requires all properties to be depreciated. The directors consider that to depreciate them would not give a true and fair view. Depreciation is only one amongst many factors reflected in the valuation of properties and accordingly the amount of depreciation which might otherwise have been charged cannot be separately identified or quantified. The directors consider that this policy results in the accounts giving a true and fair view.

Deferred tax
Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. Deferred tax on properties that have been revalued is only provided where there is a binding agreement for sale at the balance sheet date.

Revaluation reserve
Surpluses and deficits, to the extent that any deficit is regarded as temporary, arising from the valuations of properties are taken direct to the revaluation reserve. Where a permanent diminution in value of an individual property is identified, the deficit is eliminated first against any revaluation reserve in respect of that property with any excess being charged to the profit and loss account. Valuation surpluses or deficits realised on sale are transferred from the revaluation reserve to the profit and loss account.
