1. Accounting Policies

Accounting convention

These financial statements have been prepared in accordance with the historical cost convention.

The financial statements are prepared in accordance with the special provisions of Part VII of the Companies Act 1985 relating to small companies and with the Financial Reporting Standard for Smaller Entities (effective March 2000).

Turnover

Turnover represents the total invoice value, excluding value added tax, of sales made during the year.

Tangible fixed assets and depreciation

Depreciation is provided at rates calculated to write off the cost less residual value of each asset over its expected useful life, as follows:

Plant and equipment	- 15 % Reducing balance
Fixtures and fittings	- 15 % Reducing balance

Stock

Stock is valued at the lower of cost and net realisable value.

Cost is recognised as the cost incurred in bringing each product or item to its present location and condition.

Net realisable value is based on estimated selling price less the estimated cost of disposal.

Pensions

The company operates a defined contribution pension scheme. The assets of the scheme are held separately from those of the company in an independently administered fund. Contributions are charged to the profit and loss account as they are incurred.

Deferred taxation

Provision is made for deferred taxation using the liability method to take account of timing differences between the incidence of income and expenditure for taxation and accounting purposes except to the extent that the directors consider that a liability to taxation is unlikely to materialise.
