ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the historical cost convention.

TANGIBLE FIXED ASSETS

Fixed assets are stated at historical cost less depreciation.

Depreciation is provided on all tangible fixed assets at rates calculated to write each asset down to its estimated residual value evenly over its expected useful life, as follows:-

Land and buildings Leasehold	over the period of the lease
Fixtures, fittings & equipment	over 4 to 10 years
Motor vehicles	over 4 years

STOCK

Stock is valued at the lower of cost and net realisable value. Cost of finished goods and work in progress includes overheads appropriate to the stage of manufacture. Net realisable value is based upon estimated selling price less further costs expected to be incurred to completion and disposal. Provision is made for obsolete and slow-moving items.

DEFERRED TAXATION

Provision is made for taxation deferred or accelerated by the effect of timing differences, to the extent that it is probable that a liability will crystallise, at the rate expected to be ruling at that date.

LEASED ASSETS

The annual rentals on 'operating leases' are charged to the profit and loss account on a straight line basis over the lease term.

PENSIONS CONTRIBUTIONS

The pension costs charged in the financial statements represent the contributions payable by the company during the year.

TURNOVER

Turnover represents the invoiced value, net of Value Added Tax, of goods sold and services provided to customers.
