For the year ending 31 March 2012 the company was entitled to exemption under section 477 of the Companies Act 2006 relating to small companies

The members have not required the company to obtain an audit in accordance with section 476 of the Companies Act 2006

The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts

These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies regime

Approved by the director on 24/9/12

Mr T H S Fox
Director

T.H.S. Fox

The notes on pages 2 to 3 form an integral part of these financial statements

Southbourne Property Holding Company Limited
Notes to the Abbreviated Accounts for the Year Ended 31 March 2012

1 Accounting policies

Basis of preparation

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

Turnover

Turnover represents the total amount of rent receivable due from tenants in the year

Investment properties

Certain of the company's properties are held for long-term investment. Investment properties are accounted for in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008), as follows

(i) No depreciation is provided in respect of investment properties and they are revalued annually. The surplus or deficit on revaluation is transferred to the revaluation reserve unless a deficit below original cost, or its reversal, on an individual investment property is expected to be permanent, in which case it is recognised in the profit and loss account for the year, and

(ii) no depreciation is provided in respect of leasehold investment properties where the lease has over 20 years to run

This treatment as regards the company's investment properties may be a departure from the requirements of the Companies Act concerning the depreciation of fixed assets. However, these properties are not held for consumption but for investment and the directors consider that systematic annual depreciation would be inappropriate. The accounting policy adopted is therefore necessary for the financial statements to give a true and fair view. Depreciation or amortisation is only one of many factors reflected in the annual valuation and the amount which might otherwise have been shown cannot be separately identified or quantified.

Deferred tax

Deferred tax is provided in full on timing differences which represent a liability at the balance sheet date, at rates expected to apply when they crystallise based on current tax rates and law. Timing differences arise from the inclusion of items of income or expenditure in tax computations in periods different from those in which they are included in the financial statements. Deferred tax is not provided on timing differences arising from the revaluation of fixed assets where there is no material commitment to sell the asset. Deferred tax assets and liabilities are not discounted.

Revaluation

Fixed assets are included in the balance sheet at revalued amounts

Fixed assets

All fixed assets are initially recorded at cost

Southbourne Property Holding Company Limited
