To the members of Curtis Holt Limited:

We have audited the financial statements on pages 4 to 14 which have been prepared under the historical cost convention and the accounting policies set out on page 7.

Respective responsibilities of directors and auditors

As described on page 2 the company's directors are responsible for the preparation of financial statements. It is our responsibility to form an independent opinion, based on our audit, on those statements and to report our opinion to you.

Basis of opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material mis-statement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion, the financial statements give a true and fair view of the state of the company's affairs at 31 December 1996 and of its profit for the year then ended and have been properly prepared in accordance with the provisions of the Companies Act 1985.

1. ACCOUNTING POLICIES

(a) BASIS OF PREPARATION AND CONSOLIDATION

The financial statements have been prepared under the historical cost convention using applicable Accounting Standards.

The company is exempt from producing consolidated financial statements under S.229(2) of the Companies Act 1985, being a wholly owned subsidiary of a parent company incorporated in Great Britain at the end of the financial year.

(b) TURNOVER

Turnover represents sales less credit notes to outside customers and excludes value added tax.

(c) STOCKS

Stocks have been valued at the lower of purchase cost or net realisable value on the average cost basis.

(d) DEPRECIATION

Depreciation is provided so as to write off the cost of the fixed assets over their estimated useful lives, employing the following rates and methods:-

Category	Rate	Method
Leasehold land and buildings	N/A	The shorter of the term of the lease or 50 years.
Fittings and equipment	20% - 33.3%	Straight line
Computers - hardware	33.3%	Straight line
- software	50%	Straight line
Motor vehicles - cars	25%	Reducing balance
- vans	33.3%	Straight line

(e) HIRE PURCHASE INTEREST

Hire purchase interest has been allocated to the accounting periods using the 'sum of the digits' method.

(f) LEASED ASSETS

Where leased assets are financed by leasing agreements which give rights approximating to ownership, the assets are treated as if they had been purchased outright. The amount capitalised is the net present value of the minimum lease payments payable during the lease term. The corresponding leasing commitments are shown as obligations to the lessor. Depreciation on the relevant assets is charged to the profit and loss account. Lease payments are treated as consisting of capital and interest elements and the interest is charged to the profit and loss account using the 'sum of the digits' method.

All other leases are operating leases and the annual rentals are charged to the profit and loss account as incurred.

(g) DEFERRED TAXATION

Provision is made for deferred taxation at expected rates of tax, for the effect of all material timing differences between profits for taxation purposes and profits as stated in the accounts, to the extent that, in the opinion of the directors a liability is expected to arise in the foreseeable future.

(h) PENSION COSTS

Contributions to the group pension scheme are charged to the profit and loss account so as to spread the cost of the pension over employees working lives with the Group. Contributions are based on actuarial valuations.

2. **TURNOVER AND PROFIT ON ORDINARY ACTIVITIES BEFORE TAXATION**

The turnover and profit on ordinary activities before taxation are both wholly attributable to the company's principal activity as distributors of hand tools and allied products and are wholly derived from the United Kingdom.
