CENTRAL MANCHESTER HOLDINGS LIMITED

INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF CENTRAL MANCHESTER HOLDINGS LIMITED

YEAR ENDED 25 MARCH 2012

We have audited the financial statements of Central Manchester Holdings Limited for the year ended 25 March 2012 which comprise the Profit and Loss Account, Balance Sheet and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the company's shareholders, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's shareholders those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's shareholders as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

As explained more fully in the Directors' Responsibilities Statement set out on page 3, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by directors, and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the annual report to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

QUALIFIED OPINION

Qualified audit opinion arising from disagreement about accounting treatment

No provision has been made for depreciation of freehold investment properties and leasehold investment properties with over 20 years to expiry. This is contrary to the requirements of the Companies Act 2006, as stated in the accounting policies on pages 9 and 10.

Statement of Standard Accounting Practice 19 requires investment properties to be included in the balance sheet at open market value. Central Manchester Holdings Limited investment properties are included in the balance sheet at original cost. The effect of any revaluation cannot be quantified.

During the year to 25th March 2011 rental increases were actioned by the property management company engaged by Central Manchester Holdings Limited. The directors were led to believe that such increases had occurred. As a result of this, rental demands were understated in the accounts. The directors were unable to quantify the total understatement and as a result no provision was made in the financial statements.

Except for the absence of depreciation and revaluation and the understatement of rental income, in our opinion the financial statements give a true and fair view of the state of the company's affairs as at 25 March 2011 and of its profit for the year to 25 March 2011 and have been properly prepared in accordance with the Companies Act 2006.

Opinion on other matters prescribed by the Companies Act 2006

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

NOTES TO THE ABBREVIATED ACCOUNTS

YEAR ENDED 25 MARCH 2012

1. Accounting policies

Basis of accounting

The financial statements have been prepared under the historical cost convention, and in accordance with applicable UK accounting standards

Consolidation

In the opinion of the directors, the company and its subsidiary undertakings comprise a small group. The company has therefore taken advantage of the exemption provided by Section 398 of the Companies Act 2006 not to prepare group accounts

Cash flow statement

The directors have taken advantage of the exemption in Financial Reporting Standard No 1 (Revised 1996) from including a cash flow statement in the financial statements on the grounds that the company is small

Turnover

The turnover shown in the profit and loss account represents amounts invoiced during the year, exclusive of Value Added Tax

Revenue recognition

Rental income is recognised on a monthly/quarterly basis excluding rental in advance. Investment income is recognised when the company is entitled to receive that income

Fixed assets

All fixed assets are initially recorded at cost

Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows

Motor Vehicles	- 25% reducing balance
Equipment	- 33% reducing balance

Investment properties

Investment properties are included at original cost and not market value, the Directors consider that the additional cost of providing the necessary valuations would outweigh the benefit achieved

No amortisation or depreciation is provided in respect of freehold investment properties and leasehold investment properties with over 20 years to expiry, in accordance with Statement of Standard Accounting Practice 19 "Accounting for investment properties". This treatment is contrary to the requirements of the Companies Act 2006 to provide for depreciation but is considered necessary to ensure the financial statements give a true and fair view

Depreciation is only one of many factors reflected in the annual valuation of properties and accordingly the amount of depreciation which might otherwise have been charged cannot be separately identified. The directors consider that this policy results in the accounts giving a true and fair view

1. Accounting policies (continued)

Operating lease agreements

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged against profits on a straight line basis over the period of the lease

Foreign currencies

Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of the transaction. Exchange differences are taken to the profit and loss account for the year.

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

UK and Foreign listed fixed asset investments are stated at cost unless their market value is lower and in the opinion of the directors this diminution in value is believed to be permanent.
