1.4 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases

Land and buildings	-	0-5%	reducing balance
Plant and machinery	-	20-25%	reducing balance

Stock is stated at the lower of cost of production and net realisable value. The cost of stored crops and livestock is determined using the deemed cost method. Consumable stock in store is valued at cost.

1.6 EU agricultural support schemes

Payments received under EU agricultural support schemes are recognised as income when the business has met all criteria which entitle it to the payments with the specific exception of the Single Payment scheme.

Amounts received under the Single Payment scheme accrue over the calendar year of claim. Payments are recognised in the accounting period in which the following criteria are met:

- A valid application form has been submitted and accepted by the Rural Payments Agency (RPA)
- The claimant has occupied the land facilitating the claim for the full 10 months from the 'occupancy start date'

Where the above criteria have been met and the accounting reference date falls before the end of the calendar year of claim, the portion of the claim relating to the period after the accounting reference date is deferred to the next accounting period.

No provision has been made for penalties arising from the failure to comply with 'cross compliance' conditions, as defined by the RPA, except for where notification has been received.
