NOTES TO THE ABBREVIATED FINANCIAL STATEMENTS

YEAR ENDED 31ST DECEMBER 2014

1. ACCOUNTING POLICIES

The financial statements are prepared under the historical cost convention as modified by the revaluation of land and buildings and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008). The following accounting policies have been applied:-

Turnover

Turnover represents sales to outside customers at invoiced amount less value added tax.

Depreciation

Depreciation is provided to write off the cost or valuation less residual value of each asset over its expected useful life, as follows:-

Freehold land	:	Nil per annum
Freehold buildings	:	2% per annum
Plant and equipment	:	10%-25% per annum
Motor vehicles	:	25% per annum

Investments

Fixed asset investments are stated at cost less provision for permanent diminution in value.

Stocks

Stocks are stated at the lower of cost and net realisable value and consist of goods for resale. Cost is based on purchase price on a first in, first out basis. Net realisable value relates to the anticipated selling price less further costs to disposal.

Deferred taxation

Deferred taxation is provided in full at current tax rates on differences arising from the inclusion of income and expenditure in taxation computations in periods different from those in which they are included in the financial statements.

Pension costs

The company operates a defined contribution pension scheme and the costs charged in the financial statements represent the contributions payable by the company during the year.

Going concern

The company is continuing to trade with the support of its director, creditors and the bank. It is therefore the opinion of the director that the financial statements can be properly prepared on a going concern basis.
