THOMAS & CO (STEVENAGE) LIMITED

Notes to the Financial Statements for the year ended 31 March 2016

1. Accounting Policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention modified to include the revaluation of certain fixed assets.

1.2 Turnover

Turnover represents the total invoice value, excluding Value Added Tax, of sales made during the year.

1.3 Tangible fixed assets and depreciation

Depreciation is provided at rates calculated to write off the cost or valuation less residual value of each asset over its expected useful life, as follows:

Motor vehicles	25% Straight Line
----------------	-------------------

1.4 Investments

Investment properties are valued at their open market value at the Balance Sheet date. Any surplus on revaluation is transferred to the investment property revaluation reserve. Any deficit is deducted from the investment property revaluation reserve, except for permanent diminution in value which are charged to the profit and loss account.

No amortisation or depreciation is provided in respect of freehold investment properties in accordance with SSAP19. The treatment is contrary to the requirements of the Companies Act 1985 to provide depreciation but is considered necessary to ensure that the financial statements give a true and fair view. Depreciation is only one of the factors reflected at the balance sheet date valuation and the amount that might otherwise have been shown cannot be separately identified or quantified.

1.5 Deferred taxation

Provision is made for deferred taxation using the liability method to take account of timing differences between the incidence of income and expenditure for taxation and accounting purposes except to the extent that the directors consider that a liability to taxation is unlikely to materialise.

2 Turnover

The total turnover of the company for the year has been derived from its principal activity wholly undertaken in the UK.
