DIRECTORS' REPORT

The Directors present their annual report and audited financial statements for the year ended 31 December 2005.

PRINCIPAL ACTIVITY

The principal activity of the company during the year, as agents for the members, was the management, operation, maintenance and development of the members' Thames-Mersey pipeline system. Refined petroleum products are pumped from Thames Haven, Essex and Stanlow, Cheshire through the pipeline to distribution terminals at Buncefield in Hertfordshire, Kingsbury in Warwickshire and at Northampton. As part of this operation, the Company also manages and operates limited tank facilities at each of the five sites as part of the processing equipment; these are not bulk storage tanks. The Company appointed British Pipeline Agency Limited to carry out its obligations as sub-agent (see note 2 to the Accounts).

The Directors expect no change in this activity for the foreseeable future.

BUNCEFIELD EXPLOSION

On the morning of Sunday 11th December 2005, the fuel tanks at the neighbouring tank farm at Buncefield managed and operated by another company were destroyed in a significant explosion and fire.

RESULTS

The Company has not traded during the year on its own account and accordingly has made neither a profit nor a loss. No Profit and Loss Account has therefore been prepared. All expenses have been met by the Company's members (see note 2 of the Accounts).
