Tangible fixed assets

Depreciation is not provided on freehold property as the tenants, and/or the directors personally follow a regular programme of refurbishment, maintenance and improvement. This includes, where necessary, the reinstatement of the fabric of the buildings in order to prolong their useful lived without determinable limit. Accordingly, in the opinion of the directors, any element of depreciation would be immaterial.

For all other fixed assets depreciation is calculated to write off the cost, less any residual value, over their estimated useful lives as follows:

Motor vehicles	25% on written down value
----------------	---------------------------

Deferred taxation

Deferred taxation is not provided on the liability method in respect of the taxation effect of timing differences to the extent that the tax liabilities are not material.
