STRATEGIC REPORT

for the year ended 28 February 2014

The directors present their strategic report for NCMT Limited for the year ended 28 February 2014.

REVIEW AND ANALYSIS OF THE BUSINESS DURING THE CURRENT YEAR

The company continued its principal activities throughout the current year.

Key performance indicators

The directors monitor a range of key performance indicators to assess the ongoing financial prospects of the business. These include key measures of its working capital needs including stock, debtor and creditor day as well as various profit ratios focusing on gross and net profit margins. These statistics enable them to review the company's position on a monthly basis and to take appropriate action where necessary.

The key performance indicators also include the value of new machine tool sales orders obtained by the business which are yet to be accepted by its customers. This is known as the new machine tool backlog. This statistic helps to give the directors an overview of the ongoing financial strength of the company and the directors are able to report that this key performance indicator stood at over £16,000,000 (2013: £10,000,000) as at the year end. The company has developed internal reporting techniques and other methodologies including key engineering project management which should allow a significant part of this new machine tool backlog to be recognised in next year's financial statements.

Development and financial performance during the year

During the year the company had turnover of £23,463,000 (2013: £26,579,000) and recorded a profit on ordinary activities before taxation of £932,000 (2013: £829,000). The increase in the company's profit on ordinary activities before taxation is believed to be due to the company's detailed monitoring of all items of expenditure together with its careful management of its key engineering projects.

Financial position at the reporting date

The balance sheet shows that the company's net assets at the year end have increased from £4,871,000 as at 28 February 2013 to £5,707,000 as at 28 February 2014. This is due to the retained profit for the financial year.

PRINCIPAL RISKS AND UNCERTAINTIES FACING THE BUSINESS

The directors continually monitor the key risks facing the company and assess the controls used for managing these risks. The board of directors formally reviews and documents the principal risks facing the business on a regular basis.

The principal risks and uncertainties facing the company are as follows:

- Economic conditions- the company acknowledges the importance of maintaining close relationships with its key customers in order to be able to identify any signs of potential financial difficulty. Sales trends in its major market areas are constantly reviewed to ensure that early remedial action can be taken if appropriate or necessary.
- Competitor pressure- the market in which the company operates is considered to be relatively competitive, and therefore competitor pressure could result in losing particular sales orders to its competition. The directors believe that the company manages this risk by providing high quality products and services and by maintaining strong and lasting relationships with its key customers and suppliers.
- Reliance on key suppliers- the company's purchasing activities could potentially expose it to over reliance on certain suppliers. The company manages this risk by ensuring that there is enough breadth in its supplier base and by constantly seeking alternative suppliers which may be used if necessary.

NCMT LIMITED

STRATEGIC REPORT (*continued*) *for the year ended 28 February 2014*

PRINCIPAL RISKS AND UNCERTAINTIES FACING THE BUSINESS (*continued*)

- Loss of key personnel- this would present certain operational difficulties for the company. The directors seek to ensure that its personnel have appropriate remuneration plans, given the financial and economic conditions which prevail.

APPROVAL

This report was approved by the board on *23 September* 2014 and was signed on its behalf by:

NCMT LIMITED

DIRECTORS' REPORT

for the year ended 28 February 2014

The directors present their report and the financial statements for NCMT Limited for the year ended 28 February 2014.

PRINCIPAL ACTIVITIES

The principal activities of the company are the provision of engineering solutions and supply of machine tools and related equipment for manufacturing companies. Related equipment includes automation consisting of robots, conveyors and other equipment necessary to produce high specification engineering components or to reduce manning levels. This is supported by a full range of technical and engineering support activity, including full service and maintenance of the equipment supplied.

It operates predominantly in the high technology end of the aerospace, energy, medical supplies and automotive industries as well as the general engineering business.

The directors are not aware, at the date of this report, of any likely major changes in the company's activities during the next financial year.

FINANCIAL INSTRUMENTS

Treasury operations and financial instruments

The company manages liquidity, interest and foreign currency risks associated and linked with its activities. The company manages its exposure to foreign currency risk principally through hedging activity using foreign forward exchange contracts negotiated with its bankers.

Liquidity risk

The company manages all aspects of its cash requirements in order to ensure that it has adequate liquid reserves to meet the operating needs of the business and to minimise interest payments and exposure wherever possible.

Credit risk

Customers who wish to trade on credit terms are subject to credit verification procedures and on-going reviews. Trade debtor balances are monitored closely on an ongoing basis and full provision is made for any doubtful debts where considered necessary.

FUTURE DEVELOPMENTS

Whilst the directors acknowledge the risks which prevail in the company's chosen market place their focus is directed on the importance of cash flow to the business and the minimisation of the company's net working capital position. The directors aim to continue to implement the management policies which have been introduced in recent years which have assisted in overcoming the difficulties and uncertainties in the market place. Overall the directors believe that the company is well placed to be able to increase its turnover and satisfy customer demand.

As the company enjoys the ongoing support of its bankers the directors remain confident that the upturn in business levels will continue to benefit its business.

EVENTS AFTER THE BALANCE SHEET DATE

As disclosed in note 8 to the financial statements since the end of the financial year NCMT Limited has accepted an offer for the freehold interest in its property in Thames Ditton, Surrey.

DIRECTORS' REPORT *(continued)*
for the year ended 28 February 2014

DIVIDEND

During the year the company paid an interim dividend of £nil (nil pence per share) (2013: £nil- nil pence per share). The directors do not recommend the payment of any final dividend (2013: £nil).

DIRECTORS

The directors set out on page 2 have held office during the whole of the period from 1 March 2013 to the date of this report.

DIRECTORS' INDEMNITY

The company's articles of association provide, subject to the provision of UK legislation, an indemnity for directors of the company in respect of liabilities they may incur in the discharge of their duties or in the exercise of their powers, including any liabilities relating to the defence of any proceedings brought against them which relate to anything done or omitted, or alleged to have been done or omitted, by them as officers or employees of the company.

The directors benefit from qualifying third party indemnity provisions in place during the financial year and at the date of this report.

RESEARCH AND DEVELOPMENT

The company is committed to certain research and development activities. The company has spent £135,000 on resources used in research and development this financial year (2013: £74,000).

EMPLOYMENT OF DISABLED PERSONS

The company's policy is to give full and fair consideration to applications for employment made by disabled persons, having regard to an individual's particular aptitudes and abilities.

EMPLOYEE INVOLVEMENT

The directors aim to keep employees well informed on matters relevant to them through team meetings and electronic updates.

GOING CONCERN

As set out in note 1 to the financial statements the group of companies of which NCMT Limited is a member has recently renegotiated its working capital facility at £3,500,000 as adjusted by the net proceeds of the sale of the company's freehold property in Thames Ditton, Surrey until 30 November 2014. This facility enables the group to meet its day to day working capital requirements. Prior to the renewal of the working capital facility, the directors had implemented various policies in order to improve the group's likely cash flows in the future and on this basis have projected cash flow information for the period to 30 September 2015. On the basis of this cash flow information, the directors are of the opinion that they are able to remain within the facility of £3,500,000 as adjusted by the net proceeds of the sale of the company's freehold property in Thames Ditton, Surrey for the period to 30 November 2014.

The group's bankers have confirmed in writing that they do not see why they would not continue to provide the working capital facility to the group.

Therefore the directors believe that it is appropriate to continue to adopt the going concern basis for accounting in preparing the financial statements.

DIRECTORS' REPORT *(continued)*

for the year ended 28 February 2014

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The directors are responsible for preparing the directors' report and the financial statements in accordance with applicable law and regulations. Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities. The directors are also responsible for the maintenance and integrity of the company's website.

STATEMENT AS TO DISCLOSURE OF INFORMATION TO AUDITORS

Each director has taken all the steps that he ought to have taken as a director in order to make himself aware of any relevant audit information and to establish that the auditors are aware of that information. As far as the directors are aware, there is no relevant audit information of which the auditors are unaware.

Mazars LLP have expressed their willingness to continue in office as auditors and a resolution to reappoint them will be proposed at the forthcoming annual general meeting.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF NCMT LIMITED

We have audited the financial statements of NCMT Limited for the year ended 28 February 2014 which comprise the profit and loss account, the balance sheet and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Respective responsibilities of directors and auditors

As explained more fully in the directors' responsibilities statement set out on page 6, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view.

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors. This report, including our opinion, has been prepared for and only for the company's members as a body in accordance with chapter 3 of part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body for our audit work, for this report, or for the opinions we have formed.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the FRC's website on www.frc.org.uk/auditscopeukprivate.

Opinion on the financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 28 February 2014 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Emphasis of matter: going concern

In forming our opinion on the financial statements, which is not modified, we have considered the adequacy of the disclosure made in note 1 to the financial statements concerning the company's ability to continue as a going concern. The conditions explained in note 1 to the financial statements, indicate the existence of a material uncertainty which may cast significant doubt about the company's ability to continue as a going concern. The financial statements do not include the adjustments that would result if the company was unable to continue as a going concern.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the strategic report and the director's report for the financial year for which the financial statements are prepared is consistent with the financial statements.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
NCMT LIMITED (*continued*)**

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

NOTES TO THE FINANCIAL STATEMENTS
for the year ended 28 February 2014

1. ACCOUNTING POLICIES

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

Basis of preparation

The financial statements have been prepared on the going concern basis, in accordance with applicable accounting standards and under the historical cost accounting rules.

The company meets its day to day working capital requirements through a group working capital facility of £3,500,000 as adjusted by the net proceeds of the sale of the company's freehold property in Thames Ditton, Surrey. Although the company had positive net assets as at 28 February 2014, a going concern issue does arise due to its involvement in the group working capital facility.

The directors have projected group cash flow information for the period to 30 September 2015. In preparing these cash flows, the directors have assessed the likely sales activity and costs of the business. On the basis of this projected cash flow information, the directors are of the opinion that a group working capital facility of £3,500,000 as adjusted by the net proceeds of the sale of the company's freehold property in Thames Ditton, Surrey is required to fund likely running costs.

The company has therefore renegotiated the group working capital facility of £3,500,000 as adjusted by the net proceeds of the sale of the company's freehold property in Thames Ditton, Surrey for the period to 30 November 2014.

During the renegotiation process the bank has issued correspondence indicating that it expects to continue its banking and financing relationship with the company and that at the time of signing, could see no reason why existing facilities could not be renegotiated, with sufficient facilities made available to support the company, subject to the prior approval of the bank's credit committee.

The financial statements have been prepared on the going concern basis. This basis of preparation relies on the successful renewal of the group working capital facility. The directors, after making appropriate enquiries, believe that the company, with the renegotiated facilities, has adequate resources to continue in operational existence for the foreseeable future. Accordingly the directors consider that the going concern basis for the preparation of the financial statements is appropriate.

The directors have chosen to take exemption under FRS1 not to produce a cash flow statement as it is a 100% subsidiary company.

Tangible fixed assets

Depreciation is provided at rates calculated to write off the cost less estimated residual value of tangible fixed assets by equal instalments over their estimated useful economic lives as follows:

Freehold and long leasehold properties	4% per annum
Leasehold improvements	the shorter of the duration of any lease and 10 years
Motor vehicles	25% per annum
Office equipment	20% -33% per annum

Stocks

Stocks, including provisions where applicable, are stated at the lower of cost and net realisable value. Net realisable value is based on estimated selling price less all further costs to completion and all relevant marketing, selling and distribution costs.

NOTES TO THE FINANCIAL STATEMENTS
for the year ended 28 February 2014

1. ACCOUNTING POLICIES (*continued*)

Contract work in progress

Work in progress is stated at cost.

Advance and progress payments are included under creditors to the extent that they exceed the related work in progress.

Work in progress is shown under stocks, except where it includes attributable profit when it is shown under debtors as amounts recoverable under contracts.

Leases

Operating lease rentals are charged to the profit and loss account on a straight-line basis over the period of the lease.

Research and development

Expenditure on research and development is written off to the profit and loss account in the year in which it is incurred.

Foreign exchange

Transactions denominated in foreign currencies are translated into sterling at the rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are translated at the rates ruling at that date or at specific contract forward currency rates. These translation differences are dealt with in the profit and loss account.

Major transactions denoted in foreign currency are subject to forward currency contracts. Other transactions are subject to monthly currency rate fixing.

Warranty costs

Full provision is made for likely services and spares costs in respect of machine tools sold and which are still under warranty at the year end.

Turnover

The company's revenues are derived from the sale of specialist high precision machine tools together with associated third party products, the associated technical and engineering services and repair, maintenance and service work together with supply of associated engineering products and materials. All revenue is reported exclusive of value added tax.

The company follows guidance set out in November 2003 under Application note G to FRS 5.

Revenue is allocated to each component of the sales arrangement based on its relative fair value. Revenue is recognised separately for each component if it is considered to represent a separable good or service.

The company's approach to revenue recognition is that the machine tool revenue is recognised when:

- persuasive evidence of a sales arrangement exists;
- the price to the customer is fixed or determinable;
- the sales arrangement does not require significant re-modification or customisation of the machine tool;
- physical delivery to the customer has occurred; and
- collectibility is reasonably assured and there are no material outstanding conditions or contingencies attaching to the receipt of monies due.

NOTES TO THE FINANCIAL STATEMENTS
for the year ended 28 February 2014

1. ACCOUNTING POLICIES *(continued)*

Turnover *(continued)*

Revenue from technical and engineering services (including project management, implementation and training) together with repair, maintenance and service work is normally recognised as the services are performed.

Pension

The company operates a defined contribution pension scheme. The assets of the scheme are held separately from those of the company in an independently administered fund. The amount charged to the profit and loss account represents the contributions payable to the scheme in respect of the accounting period.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more, or a right to pay less, tax in the future have occurred at the balance sheet date, with the following exceptions:

- provision is made for gains on disposal of fixed assets that have been rolled over into replacement assets only where, at the balance sheet date, there is a commitment to dispose of the replacement assets; and
- deferred tax assets are recognised only to the extent that directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on a non-discounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on the tax rates and laws enacted or substantively enacted at the balance sheet date.

NOTES TO THE FINANCIAL STATEMENTS
for the year ended 28 February 2014

2. TURNOVER

	2014	2013
	£'000	£'000
Machine tools, automation and related equipment	13,054	17,860
Service and spares	9,386	7,913
Tooling	1,023	806
	<u>23,463</u>	<u>26,579</u>

European exports amounted to £1,546,000 (2013: £6,846,000). All remaining turnover is derived within the United Kingdom.

3. STAFF NUMBERS AND COSTS

	2014	2013
	£'000	£'000
Directors' remuneration		
Emoluments (including company contributions to money purchase pension scheme)	780	785
	<u>£'000</u>	<u>£'000</u>
Remuneration of highest paid director (including pension contributions paid on his behalf)	165	167

The aggregate of contributions paid to five (2013: five) directors in respect of a personal pension scheme was £62,000 (2013: £62,000).

The contributions paid on behalf of the highest paid director in respect of a personal pension scheme were £12,000 (2013: £12,000).

The monthly average number of persons employed by the company (including directors) during the year, analysed by category, was as follows:

	2014	2013
	Number	(restated) Number
Service and other engineers	46	45
Sales and technical engineers	22	22
Administration	29	30
	<u>97</u>	<u>97</u>
	£'000	£'000
Staff costs including directors' remuneration amounted to:		
Wages and salaries	4,146	4,165
Social security	543	549
Other pension costs (see note 18)	265	272
	<u>4,954</u>	<u>4,986</u>

NOTES TO THE FINANCIAL STATEMENTS
for the year ended 28 February 2014

4. NOTES TO THE PROFIT AND LOSS ACCOUNT

Profit on ordinary activities before taxation is stated after charging/(crediting):

	2014	2013
	£'000	£'000
Depreciation and other amounts written off owned tangible fixed assets	198	201
Profit on disposal of fixed assets	(15)	(13)
Other operating lease rentals	279	260
	<u>279</u>	<u>260</u>

	2014	2013
	£'000	£'000
Auditor's remuneration:		
Audit of these financial statements	24	24
Other services relating to taxation	3	2
	<u>27</u>	<u>26</u>

5. INTEREST RECEIVABLE AND SIMILAR INCOME

	2014	2013

Bank interest receivable	-	20
	<u>-</u>	<u>20</u>

6. INTEREST PAYABLE AND SIMILAR CHARGES

	2014	2013
	£'000	£'000
On bank loans and overdrafts	98	98
	<u>98</u>	<u>98</u>

7. TAX CHARGE/(CREDIT) ON PROFIT ON ORDINARY ACTIVITIES

a) Analysis of tax charge/(credit) for the year

	2014	2013
	£'000	£'000
<i>Current tax:</i>		
UK corporation tax on profit for the year	96	(2)
	<u>96</u>	<u>(2)</u>
<i>Total current tax charge/(credit) (note b)</i>	96	(2)
<i>Deferred tax:</i>		
Origination of timing differences	-	-
	<u>-</u>	<u>-</u>
<i>Tax charge/(credit) on profit on ordinary activities</i>	96	(2)
	<u>96</u>	<u>(2)</u>

NOTES TO THE FINANCIAL STATEMENTS
for the year ended 28 February 2014

7. TAX CHARGE/(CREDIT) ON PROFIT ON ORDINARY ACTIVITIES (continued)

b) Factors affecting tax charge/(credit) for the year

The tax assessed for the year differs from the main rate of corporation tax in the UK of 23% (2013: 24%). The differences are explained below:

	2014 £'000	2013 £'000
Profit on ordinary activities before taxation	932	829
Profit on ordinary activities multiplied by the main rate of corporation tax in the UK of 23% (2013: 24%)	215	199
<i>Effects of:</i>		
Expenses not deductible for tax purposes	(7)	30
Depreciation in excess of capital allowances for year	(36)	18
Creation of tax losses	(43)	(262)
Group relief	(46)	-
Other timing differences	13	13
<i>Current tax charge/(credit) for the year</i>	96	(2)

8. TANGIBLE FIXED ASSETS

	Freehold properties £'000	Long leasehold property £'000	Leasehold improvements £'000	Motor vehicles £'000	Office equipment £'000	Total £'000

Amount owed by ultimate holding company	6,701	6,152
Other debtors	-	2
	<u>11,689</u>	<u>10,859</u>

11. CREDITORS: AMOUNTS FALLING DUE WITHIN ONE YEAR

	2014	2013
	£'000	£'000
Bank loans and overdraft	2,079	2,822
Payments on account	8,420	6,691
Trade creditors	7,221	5,088
Taxation and social security	251	444
Corporation tax	96	-
Accruals	1,252	2,490
	<u>19,319</u>	<u>17,535</u>

The overdraft is secured against the net assets of the company and its ultimate parent undertaking.

12. PROVISIONS FOR LIABILITIES

	Dilapidations provision £'000	Warranty provision £'000	Total £'000
At beginning of year	200	345	545
Current year credit	-	(88)	(88)
At end of year	<u>200</u>	<u>257</u>	<u>457</u>

The warranty provision relates to warranties granted on machines tools sold. The calculation is based on a percentage of sales. The dilapidations provision at the end of the year relates to probable work required on the expiry of a lease on the company's registered offices.

NOTES TO THE FINANCIAL STATEMENTS
for the year ended 28 February 2014

13. DEFERRED TAXATION

A deferred tax asset has not been recognised for £122,000 (2013: £182,000) in respect of tax losses, other timing differences and accelerated depreciation due to the unpredictability of future profit streams. A deferred tax asset of £13,000 (2013: £15,000) in respect of capital losses has also not been recognised because in the opinion of the directors there will be no suitable taxable gains available in the foreseeable future.

14. CALLED-UP SHARE CAPITAL

	2014 £'000	2013 £'000
<i>Authorised</i>		
10,000,000 ordinary shares of £0.10 each (2013 : 10,000,000)	1,000	1,000
<i>Called up, allotted and fully paid</i>

Within one year	71	113
In the second to fifth year inclusive	221	161
	292	274

NOTES TO THE FINANCIAL STATEMENTS
for the year ended 28 February 2014

18. PENSION SCHEME

The company runs a defined contribution pension scheme. Employees aged between 18 and 65 years are entitled to join the scheme. The pension cost charge for the year represents contributions payable by the company to the scheme and amounted to £265,000 (2013: £272,000). There were no outstanding or prepaid contributions at either the beginning or end of the financial period.

19. RELATED AND CONTROLLING PARTIES

During the year ended 28 February 2014 the company paid £910 for its share of annual service charges to Castlecroft Management Limited. This is a related party by virtue of NCMT Limited being a shareholder of the company. There was no outstanding balance in respect of these transactions during the year.

During the year ended 28 February 2014 the company supplied tooling products to an organisation named LBI Precision Tooling. The value of tooling products supplied amounted to £229. This is a related party by virtue of the fact that it is the trading name of the business of the son of LH Ireland (a company director). The tooling products were supplied on a fully commercial basis. There was an outstanding balance of £nil in respect of these transactions as at the year end.

The company has availed itself of the exemption provided in Financial Reporting Standard No. 8, "Related Party Transactions", for subsidiary undertakings in which 100% of its voting rights are controlled within the group, from the requirement to give details of transactions with entities which are part of the group qualifying as related parties.

20. PARENT UNDERTAKING AND CONTROLLING PARTY

With effect from 6 June 2008 the ultimate parent undertaking is NCMT Holdings Limited a company incorporated in England and Wales. The ultimate controlling parties from this date are D Burley, LH Ireland, DJ James, AJ Maughan and MR Terry, by virtue of their shareholding in the ultimate parent company.
