NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2002

1. ACCOUNTING POLICIES

Basis of accounting

The Financial Statements have been prepared under the historical cost convention, modified to include the revaluation of certain fixed assets, and in accordance with the Financial Reporting Standard for Smaller Entities (effective March 2000), subject to the departures referred to below.

Cash flow statement

The accounts do not include a cash flow statement because the company, as a small reporting entity, is exempt from the requirement to prepare such a statement under Financial Reporting Standard No. 1 "Cash flow statements".

Turnover

The turnover of the Company is represented by rents and charges receivable.

Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Fixtures & Fittings - 25%

In accordance with Statement of Standard Accounting Practice No. 19, no depreciation or amortisation is provided in respect of freehold investment properties nor on leasehold investment properties having an unexpired term of more than twenty years. This departure from the requirements of the Companies Act 1985, for all properties to be depreciated, is necessary, as the Directors consider that this accounting policy results in the financial statements giving a true and fair view.

Leases having an unexpired term of less than twenty years are amortised evenly over the remaining period of the lease. Low value items of furniture and fittings are written off in the year in which they are acquired.

Investment properties

Investment properties are included in the balance sheet at Directors' valuation which is in accordance with Statement of Standard Accounting Practice No. 19, which requires such properties to be stated at their open market value.

Acquisitions and disposals of properties

Acquisitions and disposals are considered to have taken place at the date of legal completion and are included in the financial statements accordingly.

Format of the Financial Statements

The financial statements are presented in accordance with the format prescribed by Schedule 4 Companies Act 1985 with suitable adaptation thereof which the Directors consider to be appropriate having regard to the nature of the company's activities.
