WINCHBOURNE LIMITED
NOTES TO THE ABBREVIATED ACCOUNTS
PERIOD FROM 1 JULY 2015 TO 30 DECEMBER 2015

1. ACCOUNTING POLICIES

Basis of accounting

The Financial Statements have been prepared under the historical cost convention, modified to include the revaluation of certain fixed assets, and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

Cash flow statement

The accounts do not include a cash flow statement because the company, as a small reporting entity, is exempt from the requirement to prepare such a statement under Financial Reporting Standard No. 1 "Cash flow statements".

Turnover

The Turnover of the Company is represented by Rents and Charges receivable in respect of its investment properties.

Fixed assets

All fixed assets are initially recorded at cost.

Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Fixtures & Fittings - 25% Reducing Balance

In accordance with Statement of Standard Accounting Practice No. 19, no depreciation or amortisation is provided in respect of freehold investment properties nor on leasehold investment properties having an unexpired term of more than twenty years. This departure from the requirements of the Companies Act 2006, for all properties to be depreciated, is necessary, as the Directors consider that this accounting policy results in the financial statements giving a true and fair view.

Leases having an unexpired term of less than twenty years are amortised evenly over the remaining period of the lease.

Low value items of furniture and fittings are written off in the year in which they are acquired.

Investment properties

Investment properties are included in the balance sheet at Directors' valuation which is in accordance with the Financial Reporting Standard for Small Entities, which requires such properties to be stated at their open market value.

Any surplus and any temporary deficit are transferred to the revaluation reserve, and on realisation this surplus or deficit is transferred to the cumulative Profit and Loss Account. Deficits which are expected to be permanent are charged to Profit and Loss Account, and subsequent reversals of such deficits are credited to Profit and Loss Account in the same way.

Format of the financial statements
