The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 30 June 2015.

The members have not required the company to obtain an audit of its financial statements for the year ended 30 June 2015 in accordance with Section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for:

(a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and

(b) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.

NOTES TO THE ABBREVIATED ACCOUNTS
FOR THE YEAR ENDED 30 JUNE 2015

1. **ACCOUNTING POLICIES**

Accounting convention
The financial statements have been prepared under the historical cost convention as modified by the revaluation of Investment properties and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover
Turnover comprises revenue recognised by the company in respect of rents received and services supplied during the year, exclusive of Value Added Tax.Rents are recognised up to the year end date.

The total turnover of the company for the year has been derived from its principal activity wholly undertaken in the UK.

Investment property
Investment properties are shown at their most recent valuation. Any aggregate surplus or deficit arising from changes in market value is transferred to a revaluation reserve.

Investment properties are revalued annually at their open market value in accordance with FRSSE (effective April 2008). The surplus or deficit on revaluation is transferred to a revaluation reserve except where the deficit reduces the property below its historical cost, in which case it is taken to the profit and loss account.

No depreciation is provided on investment properties which is a departure from the requirements of the Companies Act 2006. In the opinion of the directors these properties are held primarily for their investment potential and so their current value is of more significance than any measure of consumption and to depreciate them would not give a true and fair view. The provisions of the FRSSE(effective April 2008) in respect of investment properties have therefore been adopted in order to give a true and fair view. If this departure from the Act had not been made, the profits for the year would have been reduced by depreciation.

The amount of depreciation which might otherwise have been shown cannot be separately identified or quantified.

Revaluation of tangible fixed assets
The company's accounting policy for valuation of freehold properties is based on the rate of expected return, and where appropriate the properties have been professionally valued. If there is evidence that the properties expected return will be lower in the future (property is empty or agreed lower rent) the properties are valued accordingly.

Revaluation gains and losses are recognised in the statement of total recognised gains and losses unless losses exceed the previously recognised gains or reflect a clear consumption of economic benefits, in which the case the losses are recognised in the profit and loss account.

2. **INVESTMENT PROPERTY**

	Total £
COST OR VALUATION	
At 1 July 2014 and 30 June 2015	**2,980,000**
NET BOOK VALUE	
At 30 June 2015	**2,980,000**
At 30 June 2014	2,980,000

The freehold properties were valued on 30 June 2015 by the directors on an open market value basis. If the freehold properties were sold at their open market value at the balance sheet date, there would be an estimated tax liability of £500,000. However, this has not been provided for as the directors do not intend to sell any of the properties in the foreseeable future. The revaluation has been calculated based upon acceptable revaluation policy and the directors have adopted the relevant reporting standards and the legislation to calculate the revaluation.
