HAROLD ROBERTSHAW & SONS LIMITED

Notes to the abbreviated financial statements for the year ended 31 July 2006

1. Accounting policies

1.1. Accounting convention

The accounts are prepared under the historical cost convention and comply with financial reporting standards of the Accounting Standards Board.

The company has taken advantage of the exemption in FRS1 from the requirement to produce a cashflow statement because it is a small company

1.2. Turnover

Turnover represents the total invoice value, excluding value added tax, of sales made during the year

1.3. Tangible fixed assets and depreciation

Depreciation is provided at rates calculated to write off the cost less residual value of each asset over its expected useful life, as follows

Land and buildings	-	Straight line over one hundred years
Plant and machinery	-	15% on reducing value
Fixtures, fittings and equipment	-	50% on reducing value
Motor vehicles	-	25% on reducing value

1.4. Stock

Stock is valued at the lower of cost and net realisable value

1.5. Pensions

The pension costs charged in the financial statements represent the contribution payable by the company during the year

1.6. Deferred taxation

Deferred tax is provided in full on an unconditional basis, on all timing differences which result in an obligation at the balance sheet date to pay more tax, or a right to pay less tax, at a future date, at rates expected to apply when they crystallise based on current tax rates and law. Timing differences arise from the inclusion of items of income and expenditure in tax computations in periods different from those in which they are included in the financial statements. A net deferred tax asset is recognised only when, on the basis of all evidence, it can be regarded as more likely than not that there will be sufficient taxable profits in the foreseeable future from which the reversal of the underlying timing differences can be deducted.
