For the year ending 31 October 2012 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies

The members have not required the company to obtain an audit in accordance with section 476 of the Companies Act 2006

The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts

These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies regime and in accordance with the Financial Reporting Standard for Smaller Entities (effective 2008)

Approved by the Board on 19 March 2013 and signed on its behalf by

P W Chenery
Director

Hazelwood Caravans & Chalets Limited
Notes to the Abbreviated Accounts for the Year Ended 31 October 2012

1 Accounting policies

Basis of preparation

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

Turnover

Turnover represents amounts chargeable, net of value added tax, in respect of the sale of goods and services to customers

Depreciation

Depreciation is provided on tangible fixed assets so as to write off the cost or valuation, less any estimated residual value, over their expected useful economic life as follows

Asset class	Depreciation method and rate
Land and buildings	NIL
Plant and machinery	5 - 20 % straight line basis
Motor vehicles	20 % straight line

The nature of the company's trade requires the property to be continually maintained to a high standard. Maintenance expenditure is charged to the profit and loss account as incurred and is such that when applying the requirements of Statement of Standard Accounting Practice 12 the residual value of the freehold property is, in the opinion of the directors, at least equal to the net book value included in the accounts. Accordingly the freehold property is not depreciated.

The company has adopted the transitional arrangements of Financial Reporting Standard 15 Tangible Fixed Assets and frozen the value of previously revalued land and buildings held for non-investment purposes. The last valuation is detailed in the fixed asset note to the accounts.

Stock

Stock is valued at the lower of cost and net realisable value, after due regard for obsolete and slow moving stocks. Net realisable value is based on selling price less anticipated costs to completion and selling costs.

Deferred tax

Deferred tax is recognised, without discounting, in respect of all timing differences between the treatment of certain items for taxation and accounting purposes, which have arisen but not reversed by the balance sheet date, except as required by the FRSSE.

Deferred tax is measured at the rates that are expected to apply in the periods when the timing differences are expected to reverse, based on the tax rates and law enacted at the balance sheet date.

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities. Where shares are issued, any component that creates a financial liability of the company is presented as a liability in the balance sheet. The corresponding dividends relating to the liability component are charged as interest expense in the profit and loss account.

2 Fixed assets
