Notes to the abbreviated financial statements for the year ended 31 July 2003

1. Accounting policies

1.1. Accounting convention

The accounts are prepared under the historical cost convention modified to include the revaluation of certain fixed assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective June 2002).

1.2. Turnover

Turnover represents the total invoice value, excluding value added tax, of sales made during the year.

1.3. Tangible fixed assets and depreciation

Depreciation is provided at rates calculated to write off the cost or valuation less residual value of each asset over its expected useful life, as follows:

Freehold land and buildings	-	2% straight line (on non investment property element)
Pantomime equipment	-	20% reducing balance
Fixtures, fittings and equipment	-	20% reducing balance
Motor vehicles	-	20% reducing balance
Office equipment	-	20% reducing balance

Freehold land and buildings includes trading premises and investment property. A policy of revaluation is adopted in respect of both.

1.4. Leasing

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible assets and depreciated over the shorter of the lease term and their useful lives. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce constant periodic rates of charge on the net obligations outstanding in each period.

1.5. Pensions

The pension costs charged in the financial statements represent the contribution payable by the company during the year.

1.6. Deferred taxation

Full provision is made for deferred taxation on all timing differences which have arisen but have not reversed at the balance sheet date.
