NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 30 JUNE 2007

1 Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2005)

1.2 Turnover

Turnover represents amounts receivable by the company for services net of VAT and trade discounts, and for rent of property

1.3 Tangible fixed assets and depreciation

Tangible fixed assets other than freehold land are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows

Land and buildings Freehold	Nil
Computer equipment	25% per annum straight line
Fixtures, fittings & equipment	10% per annum straight line

Depreciation is not provided on those Freehold Properties held within the accounts. This is a departure from the Financial Reporting Standard for Smaller Entities and from the general requirements of the Companies Act 1985. The reason for the departure is that, in the opinion of the directors, the value of the property is far in excess of cost and is therefore required in order to give a true and fair view.

1.4 Deferred taxation

Deferred tax arises as a result of including items of income and expenditure in taxation computations in periods different from those in which they are included in the company's accounts. Deferred tax is provided in full on timing differences that result in an obligation to pay more (or less) tax at a future date, at the average tax rates that are expected to apply when the timing differences reverse, based on current tax rates and laws.
