ABBREVIATED BALANCE SHEET (CONTINUED)

AS AT 30 JUNE 2013

For the financial year ended 30 June 2013 the company was entitled to exemption from audit under section 477 Companies Act 2006. No member of the company has deposited a notice, pursuant to section 476, requiring an audit of these financial statements under the requirements of the Companies Act 2006.

The directors acknowledge their responsibilities for ensuring that the company keeps accounting records which comply with section 386 of the Act and for preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of the financial year and of its profit or loss for the financial year in accordance with the requirements of sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to accounts, so far as applicable to the company.

These abbreviated accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies regime within Part 15 of the Companies Act 2006.

Approved by the Board for issue on 6/1/2013

B R Carrington
Director

NOTES TO THE ABBREVIATED ACCOUNTS

FOR THE YEAR ENDED 30 JUNE 2013

1 Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

At the balance sheet date the company had net current liabilities amounting to £13,264 (2012 £14,712). The directors have undertaken to continue their financial support of the company for the foreseeable future. On this basis the directors feel that it is appropriate to prepare these financial statements on a going concern basis.

1.2 Turnover

Turnover represents amounts receivable by the company for services net of VAT and trade discounts, and for rent of property.

1.3 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Computer equipment	25% per annum straight line
Fixtures, fittings & equipment	10% per annum straight line

Investment properties are included in the balance sheet at cost. This is a departure from the Financial Reporting Standard for Smaller Entities (effective April 2008) which states that investment properties should be included at open market value.

Depreciation is not provided on investment properties. Although this accounting policy is in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008), it is a departure from the general requirement of the Companies Act 2006 for all tangible assets to be depreciated. In the opinion of the directors, compliance with the standard is necessary for the financial statements to give a true and fair view. Depreciation or amortisation is only one of many factors reflected in the annual valuation and the amount of this which might otherwise have been charged cannot be separately identified or quantified.

1.4 Deferred taxation

Deferred tax arises as a result of including items of income and expenditure in taxation computations in periods different from those in which they are included in the company's accounts. Deferred tax is provided in full on timing differences that result in an obligation to pay more (or less) tax at a future date, at the average tax rates that are expected to apply when the timing differences reverse, based on current tax rates and laws.
