1.2 Turnover

Turnover represents amounts receivable for goods and services net of VAT and trade discounts

Plant and machinery	20% on cost
Fixtures, fittings and equipment	20% on cost
Motor vehicles	20% reducing balance

Freehold buildings are depreciated to write down the cost less estimated residual value over their remaining useful life by equal annual instalments. Where buildings are maintained to such a standard that their residual value is not less than their cost or valuation, no depreciation is charged as it is not material.

1.4 Investments

Fixed asset investments are stated at cost less provision for diminution in value.

Current asset investments are stated at the lower of cost and net realisable value.

1.5 Stock and work in progress

Stock and work in progress are valued at the lower of cost and net realisable value.

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. All differences are taken to profit and loss account.

1.9 Group accounts

The financial statements present information about the company as an individual undertaking and not about its group. The company and its subsidiary undertaking comprise a small-sized group. The company has therefore taken advantage of the exemptions provided by section 399 of the Companies Act 2006 not to prepare group accounts.
