1 Accounting policies

Basis of preparation

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (Effective January 2015).

Turnover

All turnover was derived from the provision of goods and services that fall within the company's ordinary continuing activities stated net of value added tax. All turnover has been based on the same class of business and supplied to United Kingdom customers

Depreciation

Depreciation on tangible fixed assets is charged so as to write off their full cost or valuation, less estimated residual values, over their expected useful lives at the following rates

Asset class	Depreciation method and rate
Leaschold property	2% of cost per annum
Motor vehicles	25% of written down value per annum
Plant and machinery	15% of written down value per annum
Fixtures and fittings	15% of written down value per annum
Computer equipment	33% of written down value per annum

Fixed asset investments

Fixed asset investments are stated at historical cost less provision for any diminution in value.

Stock

Stocks are stated at the lower of cost and net realisable value, as follows: Cost incurred in bringing each product to its present location and condition:- Materials - Purchase cost on a first in first out basis. Work in progress - Cost of direct materials, labour plus a proportion to cover attributable overheads. Net realisable value is based on the estimated selling price less further costs expected to be incurred to completion and disposal.

Deferred tax

Deferred tax is recognised, without discounting, in respect of all timing differences between the treatment of certain items for taxation and accounting purposes, which have arisen but not reversed by the balance sheet date, except as required by the FRSSE. Deferred tax is measured at the rates that are expected to apply in the periods when the timing differences are expected to reverse, based on the tax rates and law enacted at the balance sheet date.

Hire purchase and leasing

Rentals payable under operating leases are charged in the profit and loss account on a straight line basis over the lease term.

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities. Where shares are issued, any component that creates a financial liability of the company is presented as a liability in the balance sheet. The corresponding dividends relating to the liability component are charged as interest expense in the profit and loss account.

Pensions

The company operates a defined contribution pension scheme. Contributions are recognised in the profit and loss account in the period in which they become payable in accordance with the rules of the scheme.
