Statement of Financial Position - continued
31 December 2020

The Company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 31 December 2020.

The members have not required the Company to obtain an audit of its financial statements for the year ended 31 December 2020 in accordance with Section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for:

- (a) ensuring that the Company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and
- (b) preparing financial statements which give a true and fair view of the state of affairs of the Company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the Company.

The financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies regime.

In accordance with Section 444 of the Companies Act 2006, the Statement of Income and Retained Earnings has not been delivered.

The financial statements were approved by the Board of Directors and authorised for issue on 6 July 2021 and were signed on its behalf by:

Mrs R M Briggs - Director

**Notes to the Financial Statements
for the Year Ended 31 December 2020**

1. STATUTORY INFORMATION

Kennedy Travel (Yorkshire) Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

2. STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006.

3. ACCOUNTING POLICIES

Basis of preparing the financial statements

The principal accounting policies and significant judgements and estimates applied in the preparation of these financial statements are set out below. These policies, judgements and estimates have been consistently applied to all years presented unless otherwise stated.

Going Concern

From mid-March 2020 the global COVID-19 pandemic has hugely impacted the UK and caused enormous disruption across the whole society, economy and businesses in all sectors, especially the travel and tourism sector. This disruption is likely to continue for the foreseeable future with many companies facing unprecedented uncertainty about their immediate prospects.

From a financial perspective, COVID-19 is expected to have a significant effect on future revenue in the short to medium term. All measures have been taken to control costs and conserve liquidity until restrictions on travel and tourism are lifted.

From an operational perspective COVID-19 provides enormous challenges and risks for our sector. Restrictions on travel and social distancing measures imposed by world governments have resulted in cancellation of future travel arrangements and a significant decrease in consumer demand in the short to medium term.

Whilst the directors and management are taking all necessary precautions to mitigate these risks the COVID-19 situation is without precedent and very unpredictable. Accordingly, it is not possible to predict the future outlook with any certainty. From both a financial and operational perspective COVID-19 may, therefore impact on the going concern basis of preparing the financial statements.

Significant judgements and estimates

No significant judgements or estimates have had to be made by management in preparing these financial statements other than as described in the following accounting policies.

As described above, from both a financial and operational perspective, COVID-19 may impact on the going concern basis of preparing the financial statements. The financial statements do not take into account any adjustments that may be required to the carrying value of assets and liabilities if the going concern basis were not appropriate.

Turnover

Turnover represents the aggregate amount of revenue from inclusive tours, travel agency commission and other services supplied to the customers in the ordinary course of business. Revenue relating to inclusive tours arranged by the company is recognised on the date of departure and related costs are charged to the profit and loss account on the same basis. Revenue relating to travel agency commission on third party leisure travel products is recognised when earned, which is on receipt of the full payment from the customer.

3. ACCOUNTING POLICIES - continued

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Freehold property	- Not provided
Short leasehold	- at varying rates on cost
Fixtures and fittings	- 33% on cost straight line and 15% on reducing balance
Motor vehicles	- 25% on reducing balance

No depreciation is provided in respect of freehold land & buildings as they are kept in a continual state of good repair and, in the opinion of the directors the residual value at the end of the useful life will not be materially less than the carrying value in the financial statements.

Tangible assets are initially recorded at cost, and subsequently stated at revalued amount or cost less any accumulated depreciation and impairment losses.

Depreciation is provided at the following annual rates in order to write off the cost or revalued amount less estimated residual value of each asset over its estimated useful life.

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date.

For the purposes of impairment testing, when it is not possible to estimate the recoverable amount of an individual asset, an estimate is made of the recoverable amount of the cash-generating unit to which the asset belongs. The cash-generating unit is the smallest identifiable group of assets that includes the asset and generates cash inflows that largely independent of the cash inflows from other assets or groups of assets.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Statement of Income and Retained Earnings, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the statement of financial position date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the statement of financial position date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Foreign currencies

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the statement of financial position date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result.

3. ACCOUNTING POLICIES - continued**Hire purchase and leasing commitments**

Operating lease rentals are charged to the Statement of comprehensive income on a straight-line basis over the lease term.

Pension costs and other post-retirement benefits

Contributions to defined contribution plans are recognised as an expense in the period in which the related service is provided. Prepaid contributions are recognised as an asset to the extent that the prepayment will lead to a reduction in the future payments or a cash refund.

Government grants

Government grants are recognised at the fair value of the asset received or receivable when there is reasonable assurance that the grant conditions will be met and the grants will be received.

A grant that specifies performance conditions is recognised in income when the performance conditions are met. Where a grant does not specify performance conditions it is recognised in income when the proceeds are received or receivable. A grant received before the recognition criteria are satisfied is recognised as a liability.
