NOTES TO THE ABBREVIATED FINANCIAL STATEMENTS

YEAR ENDED 30TH NOVEMBER 2016

1. ACCOUNTING POLICIES

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015). The following accounting policies have been applied:-

Turnover

Turnover represents amounts invoiced in respect of goods and services provided during the year, exclusive of value added tax.

Depreciation

Depreciation is provided at rates calculated to write off the cost less residual value of each asset over its expected useful life, as follows:-

Leasehold property	:	20% reducing balance
Plant and machinery	:	20% reducing balance
Fixtures and fittings	:	20% reducing balance
Motor vehicles	:	25% reducing balance

Stocks

Stocks are stated at the lower of cost and net realisable value.

Leasing and hire purchase agreements

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible assets and depreciated over the shorter of the lease term and their useful lives. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce constant periodic rates of charge on the net obligations outstanding in each period.

Pension costs

The pension costs charged in the financial statements represent the net contributions payable by the company in the year.
