HEYGATE GRAIN LIMITED

STRATEGIC REPORT FOR THE YEAR ENDED 29TH MARCH, 2014

The directors report their strategic report for the year ended 29th March, 2014.

REVIEW OF BUSINESS

The company's turnover has decreased compared with the previous year due to the effects of changes in unit selling prices and volumes. Despite the competitive pressures, the company has achieved an improved gross margin. The company has suffered an increase in administration expenses, but savings in distribution costs has resulted in an increase in operating profits. The company now only acts as a grain merchant and has ceased to hold stocks in readiness for other group companies.

PRINCIPAL RISKS AND UNCERTAINTIES

The principal risk that the company continues to face is the fluctuation in global grain prices and the ability to source milling wheat of consistently high quality. Weather and market conditions around the world has seen global grain prices fall in the year having an impact on the turnover. This trend is set to continue and the directors expect turnover to fall.

ANALYSIS OF DEVELOPMENTS AND PERFORMANCE

The directors are satisfied with the performance of the company during the year and it's position as at the 29th March, 2014.

The key performance indicators (KPI's) used in monitoring the company's performance are:

1. Organic sales growth - year on year percentage change in sales revenue.
2. Gross return on sales - gross profit as a percentage of sales revenue.
3. Net return on sales - profit/(loss) on ordinary activities before taxation and before non-recurring items and income from other fixed asset investments, as a percentage of sales revenue.
4. Return on net assets - profit/(loss) on ordinary activities before taxation and before non-recurring items and income from other fixed asset investments, as a percentage of net assets.
5. Free cash flow - comprises the net cash flows from operating activities, less cash outflows due to capital expenditure.

KEY PERFORMANCE INDICATORS (KPI'S)

	2014	2013
Organic sales growth/(decline)	(3.23%)	(1.22%)
Gross return on sales	0.92%	0.86%
Net return on sales	0.33%	0.30%
Return on net assets	9.04%	9.13%

DIRECTORS' RESPONSIBILITIES

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

HEYGATE GRAIN LIMITED**DIRECTORS' REPORT (CONTINUED)****STATEMENT AS TO DISCLOSURE OF INFORMATION TO AUDITORS**

So far as the directors are aware there is no relevant audit information (as defined by Section 418 of the Companies Act 2006) of which the company's auditors are unaware, and each director has taken all the steps that he ought to have taken as a director in order to make himself aware of any relevant audit information and to establish that the company's auditors are aware of that information.

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters that we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

As explained more fully in the Directors' Responsibilities Statement set out on page 2 the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Strategic Report and the Directors' Report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 29th March, 2014 and of its profit for the year then ended;

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all of the information and explanations we require for our audit.

HEYGATE GRAIN LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 29TH MARCH, 2014

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with applicable Accounting Standards.

Cash flow statement

The company has taken advantage of the provisions of FRS 1 - "Cash flow statements", whereby it is exempt from producing a cash flow statement as it is a wholly-owned subsidiary of a company whose consolidated financial statements are publicly available.

Tangible fixed assets

Tangible fixed assets are stated at cost less accumulated depreciation.

Depreciation

Depreciation is provided on all tangible fixed assets at rates calculated to write off the cost, less estimated residual value, of each asset evenly over its expected useful life, as follows:-

Leasehold buildings	:	3% per annum
Plant and machinery	:	10% per annum

Stocks

Stocks are stated at the lower of cost and net realisable value and comprise purchases for resale. Purchases for resale are valued at cost price, calculated on a first in first out basis. Net realisable value is based on estimated selling prices less further costs expected to be incurred to completion and disposal.

Deferred taxation

Deferred taxation is the taxation attributable to timing differences between profits computed for taxation purposes and profits as stated in the financial statements and has been provided for, on the liability basis, in full. Transfers to and from deferred taxation are calculated at the rate of corporation tax that it is estimated will be in force when the timing differences reverse. Deferred tax assets are recognised to the extent that it is regarded as more likely than not that they will be recovered.

Leased assets

Operating lease rentals are charged to the profit and loss account on a straight line basis over the lease term.

Foreign currencies

Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. All differences are taken to the profit and loss account. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are translated using the rate ruling at that date.

Pension and post employment benefits

In accordance with FRS 17 - "Retirement benefits", the operating and financing costs of pension and post-retirement schemes are recognised separately in the profit and loss account. Service costs are systematically spread over the service lives of the employees and financing costs are recognised in the period in which they arise. The costs of past service benefit enhancements, settlements and curtailments are also recognised in the period in which they arise.

The difference between actual and expected returns on assets during the year, including changes in actuarial assumptions, are recognised in the statement of total recognised gains and losses.

The disclosures required by FRS 17 - "Retirement benefits" are given in note 17 to the financial statements.

HEYGATE GRAIN LIMITED**NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 29TH MARCH, 2014****2. TURNOVER**

Turnover represents the invoiced amount of goods sold and services provided stated net of value added tax. Turnover is recognised upon evidence of delivery.

The turnover and pre-tax profit is wholly attributable to the merchanting and handling of grain within the United Kingdom to a fellow group company.

HEYGATE GRAIN LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 29TH MARCH, 2014

15. CONTINGENT LIABILITIES

There is a contingent liability in respect of an unlimited multilateral guarantee, dated the 31st July, 2008, covering the bank overdrafts of the company, its holding company and the following fellow subsidiaries:-

Heygates Limited	F.A. Bird (Downham Mills) Limited
The Heygate Engineering Company Limited	Heygate Farms Swaffham Limited
Fine Lady Bakeries Limited	Millstream Investments Limited
County Pride Products Limited	Warburton Estate Company Limited
Heygate Leasing Limited	Heygates Country Feeds Limited

The maximum amount payable was the net overdraft of the group at 29th March, 2014.

16. ULTIMATE HOLDING COMPANY

The directors consider that the ultimate holding company is its parent company, Heygate and Sons Limited, which is a company registered in England.

The Heygate and Sons Limited consolidated financial statements are available at Companies House.

17. PENSION ARRANGEMENTS

The long-serving employees of the company, with the exception of the two directors, are members of the Heygate Group Pension and Life Assurance Scheme which provides defined pension and lump sum benefits payable to members on their retirement from the Heygate Group, or to their dependants on death before or after retirement. The scheme is of the defined benefit type for current members and was closed to new members on 1st October, 2002, and on the 30th September, 2010 the scheme ceased further accruals of pensionable service.

For all employees starting employment since 2nd October, 2002, and for existing scheme members in relation to pensionable service from 1st October, 2010, the group has a separate plan within the scheme which provides defined contribution benefits. The assets of the scheme are held in trustee administered funds separate from the company's assets.

The total pension cost to the company for the year was £nil (2013- £nil).

The level of contributions to the scheme is assessed in accordance with the advice of an independent, qualified actuary and is calculated so as to spread the charge to the profit and loss account over the average service periods of current employees in the scheme. The scheme is valued using the projected unit method.

The most recent actuarial valuation was carried out on 1st October, 2011.

As the defined benefit scheme has been closed to new entrants, the age profile of active members is increasing over time. Under the projected unit method, the current service cost will increase as active members of the scheme approach retirement. As a result of the cessation of further accruals of pensionable service the costs of funding the liability to pay future pensions to serving members will decrease.

The disclosures required under FRS 17 are contained within the financial statements of the sponsoring company of the scheme, Heygates Limited (a wholly-owned subsidiary of Heygate and Sons Limited), and in the group financial statements of Heygate and Sons Limited and its subsidiary companies.

HEYGATE GRAIN LIMITED
