NOTES TO THE FINANCIAL STATEMENTS - 31 MARCH 2011**1. Principal accounting policies**

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

(a) Tangible fixed assets

Tangible fixed assets are stated at their purchase price together with any incidental acquisition costs

Provision for depreciation is made so as to write off the cost, less estimated residual value, of tangible fixed assets on a reducing balance basis over their estimated useful economic life at the following annual rates

Fixtures and fittings	25%
Computer and office equipment	25%

(b) Deferred tax

Deferred tax arises as a result of including items of income and expenditure in taxation computations in periods different from those in which they are included in the company's accounts. Deferred tax is provided in full on timing differences which result in an obligation to pay more (or less) tax at a future date, at the average tax rates that are expected to apply when the timing differences reverse, based on current tax rates and laws.

Deferred tax is not provided on timing differences arising from the revaluation of fixed assets where there is no commitment to sell the asset.

Deferred tax assets and liabilities are not discounted.

No material deferred tax arose in the year or the prior period.

2. Turnover

Turnover represents sales at invoiced value exclusive of Value Added Tax, and arose wholly from the company's principal activity in the United Kingdom.
