**Notes to the Abbreviated Accounts  
for the Year Ended 28 February 2013**

**1. ACCOUNTING POLICIES**

**Principal accounting policies**

The principal accounting policies adopted in the preparation of the Financial Statements are set out below and have remained unchanged from the previous year and also have been consistently applied within the same Financial Statements.

**Basis of preparation**

The Financial Statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

The effect of events relating to the year ended 28 February 2013, which occurred before the date of approval of the Financial Statements by the Board of Directors, have been included in the statements to the extent required to show a true and fair view of the state of affairs at 28 February 2013 and of the results for the year ended on that date.

**Turnover**

Turnover represents net invoiced sales of goods, excluding value added tax.

**Tangible fixed assets**

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life or, if held under a finance lease, over the lease term, whichever is the shorter.

|                       |                                           |
|-----------------------|-------------------------------------------|
| Freehold property     | - not provided                            |
| Plant and machinery   | - 15% on reducing balance                 |
| Fixtures and fittings | - 33% on cost and 10% on reducing balance |
| Motor vehicles        | - 25% on cost                             |

The Directors consider it inappropriate to provide depreciation on freehold land and buildings as it is their practice to maintain the properties in a continual state of sound repair such that their useful lives are so long and residual values so high that depreciation is felt to be insignificant.

**Stocks**

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

**Deferred tax**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

**Notes to the Abbreviated Accounts - continued
