**Notes to the Abbreviated Accounts
for the Year Ended 28 February 2014**

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents net invoiced sales of goods, excluding value added tax.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life or, if held under a finance lease, over the lease term, whichever is the shorter.

Freehold property	- not provided
Plant and machinery	- 15% on reducing balance
Fixtures and fittings	- 33% on cost and 10% on reducing balance
Motor vehicles	- 25% on cost

The Directors consider it inappropriate to provide depreciation on freehold land and buildings as it is their practice to maintain the properties in a continual state of sound repair such that their useful lives are so long and residual values so high that depreciation is felt to be insignificant.

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Hire purchase and leasing commitments

Tangible fixed assets acquired under finance leases or hire purchase contracts are capitalised and depreciated in the same manner as other tangible fixed assets. The related obligations, net of future finance charges, are included in creditors. Rentals payable under operating leases are charged to the Profit and Loss Account as incurred.
