DIRECTORS' REPORT FOR THE YEAR ENDED 30 SEPTEMBER 2014

The directors present their report and the financial statements for the year ended 30 September 2014.

DIRECTORS' RESPONSIBILITIES STATEMENT

The directors are responsible for preparing the Strategic report, the Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

RESULTS AND DIVIDENDS

The profit for the year, after taxation, amounted to £326 (2013 - £23,299).

The directors do not recommend payment of a final dividend.

DIRECTORS

The directors who served during the year were:

- so far as that director is aware, there is no relevant audit information of which the company's auditor is unaware, and
- that director has taken all the steps that ought to have been taken as a director in order to be aware of any relevant audit information and to establish that the company's auditor is aware of that information.

STRATEGIC REPORT FOR THE YEAR ENDED 30 SEPTEMBER 2014

INTRODUCTION

The directors present their strategic report for the year ended 30 September 2014.

BUSINESS REVIEW

Trading for the year ended 30th September 2014 has been challenging, with our gross sales down by £667,000 or 1.76% to £37.1m (2013: £37.8m). We have achieved a Net Profit after tax of £326 (2013: £23,300).

We have included within our accounts the Basic Redress Settlement of £156,070 received From Lloyds Bank on the 25th November 2014, under their Review of Interest Rate Hedging Products (IRHP). The IRHP, which was originally with The Royal Bank of Scotland and was taken over by Lloyds Bank on the 22nd November 2005 and restructured by them.

Eton Travel is not alone in recording a decline in turnover, with the Guild of Travel Management Companies, (of which we are a member), reporting a decline in BSP turnover for all Guild members of 2.56% for 2014 and 1.58% for all BSP agents in the UK.

During the year we have invested £86,000 in capital expenditure with a major upgrade to our IT infrastructure. Our previous platform was outdated and becoming unstable, therefore the Terminal Server environment which we had operated on was replaced with a Citrix based platform. This enables applications to be isolated, and so prevent any issues impacting other programs, and also allowing delivery of applications in 32 and 64 BIT.

As part of our review programme we have consolidated the number of bespoke applications we were using and reduced the number from 40 to 15, thus making maintenance and day to day running simpler to achieve and control.

The hardware used by our staff members to connect to the original environment was over 7 years old and required replacing, resulting in the purchase of 90 new iGel Thin Client units. Unlike the previous models we are now able to access each unit directly to assist users with any issues they may have over our 3 sites.

The final part of our upgrade was to our internet lines. Each of our 3 offices have now been upgraded to a 30Mb connection, which ensures sufficient bandwidth for all of our processes and at a greater speed, resulting in increasing productivity.

The shareholders of Eton Travel Holdings Ltd, our parent company, have recently appointed a Growth Accelerator under a government sponsored management training scheme to support us in achieving our growth plans for 2015 and beyond.

Turnover for the first quarter of our new financial year is up by £188,000 or 2.25% to £8.5m as against £8.3m the previous year, the first time this has occurred over the last 2 years and hopefully, now with the help of Growth Accelerator, this trend will continue throughout 2015.

ETON TRAVEL AGENCY LIMITED

STRATEGIC REPORT (continued) FOR THE YEAR ENDED 30 SEPTEMBER 2014

PRINCIPAL RISKS AND UNCERTAINTIES

The potential risks identified as relevant to our business for the coming financial year are detailed below:-

- 1) A failure of our IT infrastructure, as it is critical that we have access to our data bases continually – this risk is mitigated by the fact that we are on the cloud. The cloud allows instant disaster recovery as we can access information from anywhere via the internet. The cloud also incorporates auto back up of data from the data centre's disaster recovery plan to other data sites. In addition the data belongs to Eton Travel, so any change of provider would be straight forward.
- 2) The Internet and the threat of our clients booking direct – we mitigate this risk by ensuring that we add value to the services offered. The web also allows us to access full content worldwide. We also have specialist agency tools to allow one entry searches all (speed fares), which is not available to normal web users, along with our own on-line tools for both the Corporate and Leisure Traveller offering competitive fares.
- 3) Terrorism and conflicts remains a threat to all aspects of our business – the impact of this is mitigated by our crisis management teams for onsite or online cover for any events.
- 4) Industrial disputes throughout Europe continue to disrupt our business- the impact of this is mitigated by Traveller Tracking, e-mail/SMS alerts. (requires corporate sign up), pre trip/post trip reports for proactive advice, along with keeping travellers informed via the news page on our website, along with twitter accounts.

FINANCIAL KEY PERFORMANCE INDICATORS

The financial highlights for the year were:-

- Gross sales down by £0.7m to £37.1m (2013: £37.8m)
- Operating loss of £122,032 (2013: Profit of £57,588)
- Net cash outflow from operating activities was £246,079 (2013: inflow £167,316)
- Closing positive cash balance of £233,178 (2013: £914,824)
- Capital expenditure in the year of £158,496 (2013: £77,762)

The freehold land and building at Eton, were professionally re-valued during 2005 on an existing use basis at £1.325m, approximately £505,000 above the figures in the financial statements at that time. The Directors consider that the current value of the property is at least in line with the 2005 valuation.

This report was approved by the board on 30 January 2015 and signed on its behalf.

In addition, we read all the financial and non-financial information in the Strategic report and the Directors' report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

ETON TRAVEL AGENCY LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 SEPTEMBER 2014

1. ACCOUNTING POLICIES

1.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention as modified by the revaluation of Freehold Land and Buildings and in accordance with applicable accounting standards.

1.2 Going concern

The company depends on its existing bank facilities to meet its day to day working capital requirements. Current forecasts indicate that the company expects to be able to operate within these facilities for the foreseeable future. These facilities are due for renewal at the end of April 2015. The Directors are not aware of any circumstances that may adversely affect the renewal of these facilities. Accordingly, the directors believe it is appropriate to prepare the financial statements on the going concern basis.

1.3 Turnover

Turnover comprises revenue recognised by the company in respect of goods and services supplied during the year, exclusive of Value Added Tax and trade discounts. Revenue is recognised at the point where there is no recourse imposed for any subsequent cancellation.

Gross sales represent the gross income in respect of travel arrangements made for customers during the period and are disclosed on the profit and loss account as it reflects the gross cash flows of the company.

1.4 Intangible fixed assets and amortisation

Goodwill is the difference between amounts paid on the acquisition of a business and the fair value of the identifiable assets and liabilities. It is amortised to the Profit and loss account over its estimated economic life of three years.

1.5 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost or valuation less depreciation. Depreciation is provided at rates calculated to write off the cost or valuation of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Freehold property	-	Straight line over 50 years
Leasehold improvements	-	Straight line over the term of the lease
Motor vehicles	-	Straight line over 4 years
Fixtures & fittings	-	Straight line over 7 years
Office & IT equipment	-	Straight line over 5 years

1.6 Revaluation of tangible fixed assets

As permitted by the transitional provisions of FRS 15, the company has elected not to adopt a policy of revaluation of tangible fixed assets. The company will retain the book value of land and buildings, previously revalued at 31 May 2001 and will not update that valuation.

ETON TRAVEL AGENCY LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 SEPTEMBER 2014

1. ACCOUNTING POLICIES (continued)

1.7 Leasing and hire purchase

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible fixed assets. Assets acquired by finance lease are depreciated over the shorter of the lease term and their useful lives. Assets acquired by hire purchase are depreciated over their useful lives. Finance leases are those where substantially all of the benefits and risks of ownership are assumed by the company. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the Profit and loss account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

1.8 Operating leases

Rentals under operating leases are charged to the Profit and loss account on a straight line basis over the lease term.

Benefits received and receivable as an incentive to sign an operating lease are recognised on a straight line basis over the period until the date the rent is expected to be adjusted to the prevailing market rate.

1.9 Pensions

The company operates a defined contribution pension scheme and the pension charge represents the amounts payable by the company to the fund in respect of the year.

1.10 Deferred taxation

Full provision is made for deferred tax assets and liabilities arising from all timing differences between the recognition of gains and losses in the financial statements and recognition in the tax computation.

Deferred tax is not provided on timing differences arising from the revaluation of fixed assets in the financial statements.

A net deferred tax asset is recognised only if it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax assets and liabilities are calculated at the tax rates expected to be effective at the time the timing differences are expected to reverse.

Deferred tax assets and liabilities are not discounted.

1.11 Foreign currencies

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at rates of exchange ruling at the balance sheet date.

Transactions in foreign currencies are translated into sterling at the rate ruling on the date of the transaction.

Exchange gains and losses are recognised in the Profit and loss account.
