THE GLASS BOAT COMPANY LIMITED

**REPORT OF THE AUDITORS TO THE MEMBERS OF
THE GLASS BOAT COMPANY LIMITED
PURSUANT TO PARAGRAPH 24 OF SCHEDULE 8 OF THE COMPANIES ACT 1985**

Basis of Opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the Directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion the financial statements give a true and fair view of the state of the affairs of the Company as at 30 April 2002 and of the profit for the year then ended and have been properly prepared in accordance with the Companies Act 1985."

Tangible Fixed Assets

Short leasehold property improvements		5% straight line
The Glass Boat	5% straight line	
Plant and machinery	33 1/3% straight line	
Fixtures and fittings	12 1/2% reducing balance	

Operating Leases

Costs in respect of operating leases are charged on a straight line basis over the lease term.

Investment Income

Investment income is included in the profit and loss account on an accruals basis.

Stocks

Stocks are stated at the lower of cost and net realisable value. In general, cost is determined on a first in first out basis. Where necessary, provision is made for obsolete, slow moving and defective stocks.

Turnover

Turnover, which excludes value added tax and trade discounts, represents the invoiced value of goods and services supplied. All turnovers derived from sales in the United Kingdom.
