The financial statements are prepared under the historical cost accounting rules and in accordance with applicable accounting standards.

The company and its subsidiary comprise a small group and has taken advantage of the exemption provided by Section 248 of the Companies Act 1985 not to prepare group accounts.

A cash flow statement is not included on the grounds that the company is exempt from such a requirement.

(b) Turnover represents the invoiced amounts of services provided, net of value added tax.

Fixtures and fittings - 25% per annum on reducing balance

(d) Provision for deferred taxation is made by the liability method for all timing differences which are expected to be reversed in the foreseeable future.

(e) Work in progress is valued at the lower of cost and net realisable value. Cost includes direct and attributable proportion of indirect overheads.

(f) Assets acquired under finance leases are capitalised in the balance sheet and are depreciated over their useful lives or length of contract whichever is the shorter.

The interest element of the instalments is charged to profit and loss account over the period of the lease.

Rentals paid under operating leases are charged to profit and loss account as incurred.

(g) The company contributes to staff pension schemes and the contributions payable are charged in the profit and loss account for the year.
