For the financial year ended 30 June 2007, the company was entitled to exemption from audit under section 249A(1) of the Companies Act 1985, and no notice has been deposited under section 249B(2) requesting an audit. The directors acknowledge their responsibilities for ensuring that the company keeps accounting records which comply with section 221 of the Act and preparing accounts which give a true and fair view of the state of affairs of the company as at the end of the year and of its profit or loss for the financial year in accordance with the requirements of section 226 and which otherwise comply with the Companies Act 1985, so far as applicable to the company.

The abbreviated accounts have been prepared in accordance with the special provisions of Part VII of the Companies Act 1985 relating to small companies.

Approved by the Board on 28/9/2007 and signed on its behalf by

Notes to the abbreviated accounts for the Year Ended 30 June 2007

1 Accounting policies

Basis of preparation

At times the company meets its day to day working capital requirements through an overdraft facility which is repayable on demand. The company has an excess of current liabilities over current assets and without the continued overdraft facility may not be able to meet its liabilities as they fall due.

The financial statements have been prepared on a going concern basis assuming the continued support of the company's bank and do not include any adjustment that could result from a withdrawal or reduction of the overdraft facility.

Accounting convention

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention, as modified by the revaluation of certain fixed assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2005).

Exemption from consolidation

Under section 248 of the Companies Act 1985 the group is exempt from the requirement to prepare group accounts by virtue of its size. Therefore the accounts present information about the company as an individual undertaking and not about its group.

Turnover

Turnover represents the amount derived from the provision of goods and services falling within the company's activities after the deduction of trade discounts and value added tax.

Goodwill

Goodwill, being the amount paid in connection with the acquisition of a business in 1987, has been fully written off.

Depreciation

Depreciation is provided on tangible fixed assets so as to write off the cost or valuation, less any estimated residual value, over their expected useful economic life as follows:

Leasehold property	not provided
Improvements to property	over length of lease
Fixtures and fittings	10% on cost
Motor vehicles	25% on reducing balance
Computer equipment	25% on cost

Deferred taxation

Deferred tax is provided in full on timing differences which represent a liability at the balance sheet date, at rates expected to apply when they crystallise based on current tax rates and law. Timing differences arise from the inclusion of items of income or expenditure in tax computations in periods different from those in which they are included in the financial statements. Deferred tax is not provided on timing differences arising from the revaluation of fixed assets where there is no commitment to sell the asset. Deferred tax assets and liabilities are not discounted.

Operating leases

Rentals paid under operating leases are charged to the profit and loss account as incurred.

Fixed asset investments

Fixed asset investments are stated at historical cost less provision for any diminution in value.

Pensions

The company operates a defined contribution pension scheme. Contributions are charged in the profit and loss account as they become payable in accordance with the rules of the scheme.
