Notes to the Abbreviated Accounts
For The Year Ended 31 March 2012

1 ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

Turnover

Turnover represents the value of work done excluding VAT, for which the company has earned the right to consideration in exchange for performance, in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life

Freehold property	- 2% on cost
Fixtures and fittings	- 33% on cost
Motor vehicles	- 33% on cost

Investment property

In accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008), no depreciation is charged in respect of the investment property. This policy represents a departure from the Companies Act 2006, to provide systematic annual depreciation for fixed assets. However, as the property is held for investment and not consumption, the directors consider the adoption of this policy necessary to give a true and fair view. The investment property will be revalued from time to time and the aggregate surplus or deficit transferred to a revaluation reserve. The directors consider the current market value to be equivalent to its original cost as shown in the notes to the accounts.

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the period of the lease.
