J Burns - Director

J O'Callaghan - Director

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST DECEMBER 2019**

1. STATUTORY INFORMATION

Triton Container UK Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

The financial statements are presented in sterling which is the functional currency of the company and rounded to the nearest £.

The significant accounting policies applied in the presentation of these financial statements are set out below. These policies have been consistently applied to all periods presented unless otherwise stated.

The financial statements have been prepared on a going concern basis. The Directors have reviewed and considered relevant information, including the annual budget and future cash flows in making their assessment. In particular, in response to the COVID-19 pandemic, the Directors have tested their cash flow analysis to take into account the impact on their business of possible scenarios brought on by the impact of COVID-19, alongside the measures that they can take to mitigate the impact. Based on these assessments, given the measures that could be undertaken to mitigate the current adverse conditions, and the current resources available, the Directors have concluded that they can continue to adopt the going concern basis in preparing the annual report and accounts.

Turnover

Turnover represents the value of services provided to the company's parent company, Triton Container International Limited. Revenue is recognised as a percentage markup on costs incurred.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Short leasehold	- straight line over lease term
Fixtures and fittings	- 33% on cost
Computer equipment	- 33% on cost

Taxation

Current tax represents the amount of tax payable or receivable in respect of the taxable profit (or loss) for the current or past reporting periods. It is measured at the amount expected to be paid or recovered using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax represents the future tax consequences of transactions and events recognised in the financial statements of current and previous periods. It is recognised in respect of all timing differences, with certain exceptions. Timing differences are differences between taxable profits and total comprehensive income as stated in the financial statements that arise from the inclusion of income and expense in tax assessments in periods different from those in which they are recognised in the financial statements. Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date that are expected to apply to the reversal of timing differences. Deferred tax on revalued non-depreciable tangible fixed assets and investment properties is measured using the rates and allowances that apply to the sale of the asset.

NOTES TO THE FINANCIAL STATEMENTS - continued
FOR THE YEAR ENDED 31ST DECEMBER 2019

2. ACCOUNTING POLICIES - continued

Foreign currencies

Foreign currency transactions are initially recognised by applying to the foreign currency amount the spot exchange rate between the functional currency and the foreign currency at the date of the transaction.

Monetary assets and liabilities denominated in a foreign currency at the balance sheet date are translated using the closing rate.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to profit or loss in the period to which they relate.

3. EMPLOYEES AND DIRECTORS

The average number of employees during the year was 8 (2018 - 9) .
