Notes to the financial statements for the year ended 30 April 2013

1 Accounting policies

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

Turnover

Turnover represents net invoiced sales of services, excluding value added tax

Taxation

Current tax is measured at amounts expected to be paid using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the balance sheet date

Goodwill

Amortisation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of the asset as follows

Goodwill - over 5 years

Associated Undertakings

The company's share of profit or losses of associated undertakings is included in the profit and loss account, and the company's share of their net assets is included in the balance sheet. These amounts are taken from the latest unaudited financial statements of the undertakings concerned

2 Turnover

Turnover is wholly attributable to the principal activity of the company and arises solely within the United Kingdom
