Notes to the Abbreviated Accounts

For the year ending 31 March 2011

1 Accounting policies

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents net invoiced sales of goods, excluding value added tax.

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Foreign currencies

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to the profit and loss account in the period to which they relate.

Patents

Patents are valued at cost less accumulated amortisation. Amortisation is calculated to write off the cost in equal instalments over their useful life of five years.

Research and development costs

The company incurs costs on an on going basis in research and development of new products to compliment the existing range offered to customers. These costs include a proportion of salaries where staff are exclusively engaged on development projects. As the research and development work continues to provide new products the company writes off all the costs as incurred to the profit and loss account.

Depreciation

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives.

Plant and machinery	25% on reducing balance
