The director considers that the company is entitled to exemption from the requirement to have an audit under the provisions of section 249A(1) of the Companies Act 1985 and members have not required the company to obtain an audit of its accounts for the year in question in accordance with section 249B(2) of the Act. The director acknowledges his responsibility for ensuring that the company keeps accounting records which comply with section 221 of the Companies Act 1985, and for preparing financial statements which give a true and fair view of the state of affairs of the company as at 31 March 2003 and of its profit for the year then ended in accordance with the requirements of section 226, and which otherwise comply with the requirements of the Act relating to the financial statements so far as applicable to the company.

The abbreviated accounts, which have been prepared in accordance with the special provisions of Part VII of the Companies Act 1985 applicable to small companies, were approved by the board on 26 January 2004 and signed on its behalf.

N.G. Cowley
Director

The notes on pages 2 to 3 form part of these financial statements.

NOTES TO THE ABBREVIATED ACCOUNTS
For the year ended 31 March 2003

1. ACCOUNTING POLICIES

1.1 Basis of preparation of financial statements

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and are prepared in accordance with applicable accounting standards, as modified by the revaluation of Investment Properties.

The company is exempt from the requirement to prepare group accounts by virtue of section 248 of the Companies Act 1985. These financial statements therefore present information about the company as an individual undertaking and not about its group.

1.2 Cash flow

The company has taken advantage of the exemption in Financial Reporting Standard No.1 from the requirement to produce a cash flow statement on the grounds that it is a small company.

1.3 Turnover

Turnover comprises the invoiced value of goods and services supplied by the company, exclusive of Value Added Tax and trade discounts.

1.4 Investment properties

In accordance with Statement of Standard Accounting Practice No. 19, certain of the company's properties are held for long-term investment and are included in the Balance Sheet at their open market values. The surplus or deficit on revaluation of such properties is transferred to the investment property revaluation reserve. Depreciation is not provided in respect of freehold investment properties. Leasehold investment properties are not amortised where the unexpired term is over twenty years.

This policy represents a departure from statutory accounting principles, which require depreciation to be provided on all fixed assets. The directors consider that this policy is necessary in order that the Financial Statements may give a true and fair view because current values and changes in current values are of prime importance rather than the calculation of systematic annual depreciation. Depreciation or amortisation is only one of many factors reflected in the valuation and the amount which might otherwise have been shown cannot be separately identified or quantified.
