VENTURELINE LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2018

1. General information

The company is limited by shares and incorporated in England. The address of the principal place of business is 7 Whiteladies Road, Bristol, BS8 1NN.

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The following principal accounting policies have been applied:

2.2 Associates and joint ventures

Associates and Joint Ventures are held at cost less impairment.

2.3 Going concern

The financial statements have been drawn up on going concern basis. The company is dependent upon its bankers and parent company for continued financial support, which the directors are confident will continue for a period of not less than twelve months from the date of approval of the financial statements. On this basis, the directors consider it appropriate to prepare the financial statements on the going concern basis. If the going concern basis were not appropriate, adjustments would have to be made to reduce the value of the company's assets to their recoverable amount, to provide for any further liabilities which may arise and to reclassify fixed assets as current assets and long term liabilities as current liabilities.

2.4 Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes. The following criteria must also be met before revenue is recognised:

Rendering of services

Revenue from a contract to provide services is recognised in the period in which the services are provided in accordance with the stage of completion of the contract when all of the following conditions are satisfied:

- the amount of revenue can be measured reliably;
- it is probable that the Company will receive the consideration due under the contract;
- the stage of completion of the contract at the end of the reporting period can be measured reliably; and
- the costs incurred and the costs to complete the contract can be measured reliably.

FOR THE YEAR ENDED 30 APRIL 2018**

2. Accounting policies (continued)

2.5 Investment property

Investment property is carried at fair value determined annually by the directors and derived from the current market rents and investment property yields for comparable real estate, adjusted if necessary for any difference in the nature, location or condition of the specific asset. No depreciation is provided. Changes in fair value are recognised in the Statement of comprehensive income.

2.6 Valuation of investments

Investments in subsidiaries are measured at cost less accumulated impairment.

2.7 Debtors

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

2.8 Creditors

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

3. Employees

The average monthly number of employees during the year was 0 (2017 - 0).
