1 Principal Accounting Policies***Accounting Convention***

The financial statements have been prepared in accordance with applicable Accounting Standards under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities.

Consolidation

The company has taken advantage of the exemption conferred by Section 248 of the Companies Act 1985 from the requirement to prepare group accounts.

Turnover

Turnover represents the amount receivable by the company in the ordinary course of business for services supplied during the year.

Investment Properties

In accordance with Statement of Standard Accounting Practice No. 19, (i) investment properties are revalued annually and the aggregate surplus or deficit is transferred to a revaluation reserve, and (ii) no depreciation or amortisation is provided in respect of freehold investment properties and leasehold investment properties with over 20 years to run. The requirement of the Companies Act 1985 is to depreciate all properties, but that requirement conflicts with the generally accepted accounting principle set out in SSAP 19. The directors consider that to depreciate such properties would not give a true and fair view, but that a true and fair view is given by following SSAP 19 as described above.
