NOTES ON ABBREVIATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30TH APRIL 2007

1 Accounting policies

Basis of accounting

The financial statements have been prepared under the historical cost accounting rules

Depreciation

Depreciation of fixed assets is calculated to write off their cost or valuation less any residual value over their estimated useful lives as follows

Leasehold land and buildings	5% & 10% straight line
Computer equipment	20% reducing balance
Motor vehicles	25% reducing balance
Fixtures and fittings	15% reducing balance

Lease and hire purchase contracts

Tangible fixed assets acquired under finance leases and hire purchase contracts are capitalised at the estimated fair value at the date of inception of each lease or contract. The total finance charges are allocated over the period of the lease in such a way as to give a reasonably constant charge on the outstanding liability.

Rentals paid under operating leases are charged to income as incurred.

Stocks

Stocks are valued at the lower of cost and net realisable value. Cost is computed on a first in first out basis. Net realisable value is based on estimated selling price less the estimated cost of disposal.

Deferred taxation

Deferred taxation is provided on the liability method in respect of the taxation effect of all timing differences.

Pensions

The company makes contributions to a defined contribution pension scheme. The contributions charged to the profit and loss account during the year amounted to £2,400 (2006 - £2,400). There were no unpaid or prepaid contributions at the year end.
