4 GOING CONCERN

The financial statements have been prepared on a going concern basis. This basis may not be appropriate because, the company has made a loss of £634 (2008 £1,315) and at the balance sheet date the net liabilities exceed the net assets of the company by £3,588. Should the company be unable to continue trading, adjustments would have to be made to reduce the value of assets to their recoverable amount, to provide any further liabilities which might arise and to reclassify fixed assets and long term liabilities as current assets and liabilities. The going concern basis has been applied as a result of the fact that the directors will continue to support the company financially for the foreseeable future.
