The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the Company's accounting policies (see note 2).

The Directors do not believe that the estimates and judgements contained in these accounts have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

3. Directors' remuneration

None of the Directors received any remuneration in respect of their services to the Company during the current or preceding financial year.
