The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective March 2000).

Turnover

Turnover represents net invoiced sales of goods, excluding value added tax.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life or, if held under a finance lease, over the lease term, whichever is the shorter.

Poultry sheds	- 10% on cost
Implements	- 10% on reducing balance
Office equipment	- 15% on reducing balance
Motor vehicles	- 25% on reducing balance

Deferred taxation

Provision is made at current rates for taxation deferred in respect of all material timing differences except to the extent that, in the opinion of the directors, there is reasonable probability that the liability will not arise in the foreseeable future.

Hire purchase and leasing commitments

Assets obtained under hire purchase contracts or finance leases are capitalised in the balance sheet. Those held under hire purchase contracts are depreciated over their estimated useful lives. Those held under finance leases are depreciated over their estimated useful lives or the lease term, whichever is the shorter.

The interest element of these obligations is charged to the profit and loss account over the relevant period. The capital element of the future payments is treated as a liability.
