Notes to the Abbreviated Accounts
for the year ended 31 October 2012

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements have been prepared on the going concern basis, which assumes that the company will continue in operational existence for the foreseeable future, which the directors consider appropriate.

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Exemption from preparing a cash flow statement

Exemption has been taken from preparing a cash flow statement on the grounds that the company qualifies as a small company.

Turnover

Turnover represents the proceeds from the sale of land and the rental income from the letting of property, excluding value added tax.

Goodwill

Goodwill, being the amount paid in connection with the acquisition of the business, is recognised at cost.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Freehold property	- not provided
Fixtures and fittings	- 20% on cost
Computer equipment	- 33% on cost

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

A deferred tax asset is regarded as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable tax profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on a non-discounted basis at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date.
