NOTES TO THE ABBREVIATED ACCOUNTS **FOR THE YEAR ENDED 31 MARCH 2004**

1. Accounting Policies

a) Basis of Accounting

The accounts have been prepared under the historical cost convention and in accordance with applicable accounting standards. The company has taken advantage of the exemption in Financial Standard 1 from producing a cash flow statement on the grounds that it is a small company.

b) Turnover

Turnover comprise the value of sales (excluding VAT) of goods and services supplied in the normal course of business.

c) Stocks

Stocks are valued by the directors at the lower of cost and net realisable value.

d) Tangible fixed Assets

Fixed assets are stated at original historical cost less aggregate depreciation. Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life:

Plant and machinery	15% per annum on reducing balance
Fixtures, fittings and equipment	40% per annum on reducing balance
Motor vehicles	20% per annum on reducing balance

e) Leasing and hire purchase commitments

Assets obtained under hire purchase contract and finance leases are capitalised as tangible assets and depreciated over the shorter of lease term and their useful lives. Obligations under such agreements are included in creditors net of finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce a constant period rate of charge on the net obligation outstanding in each period.

d) Pension

The pension costs charged in the accounts represent the contributions payable by the company during the year in accordance with SSAP 24.

f) Foreign currency translation

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are recorded at the rate ruling at the date of transaction. All differences are taken to profit and loss account.
