Isabel Hospice Trading Limited

Notes to the Abbreviated Accounts for the Year Ended 31 March 2014

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents sales of bought and donated goods and sales of lottery tickets, excluding value added tax.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Short leasehold	- varying rates over no more than 15 years
Plant and machinery	- 25% on cost
Fixtures and fittings	- 20% on cost
Motor vehicles	- 25% on cost
Computer equipment	- varying rates over no more than 5 years

It is the company's policy to depreciate its revalued freehold and long leasehold properties over a period not exceeding fifty years. However, as the residual values of the properties in question constitute a very high proportion of the revalued amount, the cumulative charge for depreciation is immaterial and a depreciation charge is therefore not made in these accounts.

Stocks

Stocks of consumables and goods purchased for resale are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Stocks of donated goods have not been valued.

Retail gift aid scheme

The company operates a Retail Gift Aid Scheme, which is open to any member of the general public. Under the Scheme, the company sells donated goods for participants and, on their behalf, passes the proceeds to Isabel Hospice Limited; Isabel Hospice Limited is then able to claim gift aid on the monies it receives. The company acts as agent in the above transaction and sales made under the Scheme and the subsequent remittance of the proceeds to Isabel Hospice Limited are excluded from these accounts.

Pension costs and other post-retirement benefits

The company does not operate its own pension scheme, but makes contributions for employees to an independently administered defined contribution scheme. Contributions payable for the year are charged in the profit and loss account.

Voluntary help

The company receives very substantial assistance in the form of voluntary help. It is not possible to place a financial value on this help.

Lease incentives

Receipts of lease incentives are spread over the period to the first rent review such that the annual charge for rent in that period is constant. Any difference between the lease incentive received and cumulative rent charged in the accounts is carried forward as deferred income.

Lottery

Lottery income received for future draws is shown as deferred income.
